Discovery Middle School's art and music departments are showcasing the artistic talents of the school's student body at the Bluestem Ball. All community members are invited to this evening of music, dancing, art exhibits, and refreshments.

Artwork created by the middle school's sixth, seventh, and eighth graders will be on display throughout the entire evening. The Davies Jazz Combo and the Discovery Jazz Band will set the tone for the evening as they perform live jazz, swing, rock, and funk music to accompany the exhibition with dancing encouraged. Refreshments will also be served, while supplies last.

Discovery's art and music instructors feel the event is a great way to showcase the talents of their students in a setting other than the school, which expands the students' experiences and confidence levels.

The event is sponsored by the Discovery PTA.
