We are also raising funds to provide a scholarship in his memory. If you would like to contribute to the David Alan Ellis Memorial Scholarship fund, a link will be coming soon.

Please visit our [school website](#) for a list of important dates for the senior class. This also includes a list of 2026 graduation requirements to make sure you're on track!

If you ordered a cap and gown for graduation, they are in the main office for pick up. Please come get them as soon as possible. If you have not yet ordered, you can do so at [Jostens.com](#) and they will be delivered to the school.

Ishmanpreet Kaur and Heidi Mendez Perea have the opportunity to compete in the Microsoft Office Specialist US National Championship and they need your help to get there! Keep reading to see how the MOS Nationals made a difference in their lives of previous competitors.

Daniel Andriyuk who graduated from AMHS in 2025 and competed in MOS US Nationals in 2024 said, "My story of National Competition opened a door for me at The UW Seattle, as a direct transfer student into Foster. The ability to gain professional industry skills in various Microsoft programs has been a game changer for me. It has opened doors that otherwise would be bolted shut."

Linh Nguyn who graduated from AMHS and won 1st place at MOS US National Championship in 2018 and competed in MOS World Championship said, "What makes the MOS program so powerful is that it gives students - especially those from underserved backgrounds like mine - a tangible, achievable win. It's not just theory. It's a real skill. Real credentials. Real momentum. I still use the skills I learned through the MOS program every day - whether it's building dashboards, analyzing data, or communicating insights through reports and presentations."
