RE: Vista Unified School District 2026 San Diego County Taxpayers Association School Bond Evaluation Application

To: The Reviewing Panel of the San Diego County Taxpayers Association

Enclosed please find copies of Vista Unified School District's application and supporting documentation for our potential bond measure for this 2026 election. We respectfully request for the review, consideration, feedback, and support from the San Diego County Taxpayers Association (SDCTA) for this November 3, 2026 bond measure. The purpose of this bond measure is to build upon our proven track record to successfully advance teaching and learning of our students through the development of capital facilities improvement projects for the citizens that comprise the community of Vista Unified School District.

The Board of Education recognizes the importance of being good stewards of taxpayers' money. Vista Unified School District's commitment to taxpayer accountability has been demonstrated by the success of our previous capital improvement bonds, our ongoing commitment to the improved transparency of bond operations as evidenced in our SDCTA rating, and our ongoing model governance system of our Citizen Bond Oversight Committee. We are confident that this framework lays the groundwork that will continue to build trust within our community through a proven transparent governance model that will focus these funds on facilities improvements to benefit our students' learning.

To ensure our facilities improvements are based upon sound educational and modern construction methodologies, the District has appointed a certificated educator with school site, central office, regional, and international experience to guide this process: Dr. Shawn T. Loescher, Assistant Superintendent. Dr. Loescher will serve as the lead District contact for SDCTA, and can be reached at:
