**Stay informed about important upcoming FY 27 Budget conversations in our community. Your participation and awareness provide important feedback.**

*Stay Informed*

The Town Council has asked both the town and school departments to work toward a target that would result in an approximate 2% overall tax impact. For the schools, that equates to a \$2.19 million potential reduction. We can appreciate that the intent is to have a combined budget that balances community priorities, including educational and municipal programming needs as well as considerations to the taxpayers who make our work possible.

At this point, discussions with the Town Council and the Board are in their beginning stages; no decisions have been finalized. We trust that these bodies will work in partnership through this process, with a shared goal of supporting students and programs while balancing broader community priorities.

### **Budget Readings**

- 2nd Reading of Budget for Board: May 19th at 7:00 PM
- 2nd Reading at Town Council: May 20th at 7:00 PM

### **Vote on School Budget**

Your vote on the school budget directly impacts the quality of education for our children. Please make your voice heard.

- Date: June 9th
- Time: All day

We encourage you to visit our [budget portal](#) on the district website, which contains detailed information about the budget proposal, and areas of potential reduction being considered.
