HOW DOES SUMMER READING WORK?

Starting May 26th, you can pre-register at leblib.beanstack.org, or pick up a reading log at the Lebanon Public Library. Summer Reading is a completely **FREE program available for **ANYONE** who would like to visit the library. Even if you don't have a library card, you can still participate!**

Every child who registers will earn a free book! They will get an additional free book after logging 25 books or 250 minutes, as well as a grand prize raffle ticket. Ambitious readers can continue logging books or minutes for additional raffle tickets!

Stop by the library each week for a small prize (weekly prizes cannot be back-dated), to attend fun activities, and to pick out new books to read!

Want to Get a Library Card?

Live in Center Township? Get a **FREE library card at the main circulation desk! Just have a parent or guardian bring in proof of address! Students from Lebanon schools who live outside our district can also get a **FREE** card by showing their student ID.**
