Dear PUSD Families,

As we prepare for the 2026–2027 school year, we are asking for your help in confirming your student's enrollment plans. Accurate enrollment counts are essential for PUSD to plan staffing, programs, and resources across all schools.

We understand some families may be moving out of Pleasanton. If that applies to you, please know how much we have valued your continued presence in our community. Therefore, if you plan to move, please follow the directions below, AND, please know there is an option to apply for an interdistrict transfer if you want your student to stay in PUSD.

Process for Families Who are Moving Within or Outside of Pleasanton:

If your family has a planned move before the 2026-2027 school year, please complete this Are You Moving? Google Form. The registrar will reach out with next steps in the process.

If you are moving outside of Pleasanton and plan to un-enroll from PUSD:

1. Complete a student withdrawal form, and return it to Brigitte Holling at bholling@pleasantonusd.net.
2. Return all textbooks, Chromebooks, and any other school materials on your student's last day.

Interdistrict Transfer Application Process:

Students who have moved outside district boundaries may still remain enrolled in PUSD through an Interdistrict Transfer, and we sincerely hope you'll consider staying with us.

1. Obtain a transfer request form from your *new home district*.
2. Complete and submit it to that district for approval.
3. Once approved, submit to PUSD for review.
4. You will be notified once a decision is made.
5. Interdistrict Transfer webpage

We encourage families to apply at your earliest convenience, as space at some schools may be limited. If you are unsure if this applies to you or if you need support in this process, please contact our Student Services Department at (925) 426-4290.

Your early notice helps ensure a smooth transition for your child and allows us to plan ahead.

Thank you for being an important part of PUSD. Whether you're continuing with us or moving on, we are grateful for the opportunity to support your student.

Warm regards,

Sebastian Bull
Principal
Foothill High School
