Mercy Watson by Kate DiCamillo

Optional :

- Read more books from the series!
- Write a brief summary of your book. Work on your sentence writing skills, and focus on the most important ideas in the book.
- Read as much as you can! Re-read some of the Caldecott Award books that you studied last year.
- Practice any of the reading or math skills on SplashLearn.com
- Play any of the math games on GregTangMath.com
- Make groups of 10 whenever you can! If you're served a plate with 17 peas on it, think to yourself, "How many more would make 20?" If there are 8 kids in the pool, talk about how many more would make 10. Or 20! Or 30!
