# Summer Assignments

**Rising 1st Grade Students**
**Episcopal Collegiate School**

FINDING MY **VOICE**
FINDING MY **PLACE**

**Required:** Read ANY book by author Mo Willems

**Optional :**

- Read as many books by Mo Willems as you can! How are they similar? How are they different? Talk to your family about them.
- Draw a picture from your favorite Mo Willems book, and write a sentence about your favorite part!
- Play some of the games on GregTangMath.com! TenFrameMania will be a speedy way to keep your number sense strong.
- Make groups of 10 whenever you can! If you're served a plate with 17 peas on it, think to yourself, "How many more would make 20?" If there are 8 kids in the pool, talk about how many more would make 10. Or 20! Or 30!
