Summer Assignments

Rising Kindergarten Students
Episcopal Collegiate School

Required: Read The King of Kindergarten or The Queen of Kindergarten by Derrick Barnes

Recommended:

Read, read, read! Read as many books as you can!
● Write your own book! Start with the illustrations, and go back to add a few words to each page to create your own masterpiece!
● Count, count, count! Count your carrots, count your shoes, count your friends. Be sure to practice counting up AND down!
● Play some of the games on GregTangMath.com! TenFrameMania will be a speedy way to keep your number sense strong.
● Make groups of 10 whenever you can! If you're served a plate with 7 green beans on it, think to yourself, "How many more would make 10?" If there are 8 kids in the pool, talk about how many more would make 10. Or 20!
Or 30!
