WHAT'S HAPPENING AT CENTRAL MIDDLE SCHOOL?

FLOURISH AND THRIVE

Wowzers, this year is going by pretty fast. Only a few more days of state testing! Yay! I told you it wouldn't be that bad, and now it's almost over. For this last week take it slow, you have time after testing to work on it too: make-up days. Submit what you think is your best work, and don't worry about it much. A test doesn't define you. Anyways see you all for the last one soon, and may you have the best day!

ADVICE

It's the end of the schol year, now what?
