Release Agreements

Release of Student Directory Information
Under the Illinois School Student Records Act ("ISSRA") and the federal Family Educational Rights and Privacy Act ("FERPA"), and Board Policy 7:340, student record information is generally confidential and cannot be released without parent consent. There are a few exceptions, one of which that allows the District to release certain basic identifying information about its students to third parties upon request. This exception known is as Directory Information.

Directory information means information contained in an education record of a student that would not generally be considered harmful or an invasion of privacy if disclosed.

The District has designated the following as Directory Information:
Student's name, grade level, and date of birth;
Academic awards, degrees, and honors;
Information relating to school-sponsored activities, organizations, and athletics;
Period of attendance in school;
Photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of a student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs;
Parent(s)/Guardian(s) names, telephone numbers, mailing addresses, and electronic mail addresses;

Student social security numbers, student identification number, and unique student identifiers are NOT designated as directory information.

No photograph highlighting individual faces shall be used for commercial purposes, including solicitation, advertising, promotion or fundraising without the prior, specific, dated and written consent of the parent or student, as applicable; and no image on a school security videotape recording shall be designated as directory information.

The District often wishes to celebrate the activities and accomplishments of its students by sharing information with the community. To that end, the District periodically may use Directory Information (including, videotapes, photographs, or digital images) in District-sponsored publications, on the District's website, or on District social media sites and may release Directory Information to third parties, such as news media and District 86 student and parent organizations. The District may occasionally allow the news media to interview, photograph, record, or videotape students under the supervision of District personnel.

I grant the release of photographs, videos, or digital images used for informational or news-related purposes (whether by a media outlet or by the school) of my student participating in school or school-sponsored activities, organizations, and athletics that have appeared in school publications, such as yearbooks, newspapers, or sporting or fine arts programs. *

I grant the release of student information to the recruiters of the armed forces. *

I grant the release of student information to Joint Advertising Market Research & Studies, a company contracted by the U.S. Dept. of Defense to maintain a recruitment database. *

I grant the release of student information to institutions of higher education representatives. *

I grant the release of student information to District vendors "e.g. yearbook company, IHSA, ring companies, senior portrait photographers, high school booster club" *

Legal Notices
I understand that required legal notices will be available on the District 86 website by the start of each academic year.

District 86 Handbook
District 86 will publish one District 86 Student Handbook and school-specific student planners. The District 86 Handbook is published on the District website at [D86 Handbook](#). Discipline policies and procedures are communicated through the student handbook and student planners. Students will receive their planner the first week of school.

Parent Acknowledgement
By initialing below, I acknowledge that I have received and read the Hinsdale Township High School District No. 86 Student Handbook and I have reviewed it with my child(ren). I understand that this Student Handbook includes only a summary of Board of Education policies and District rules, and that I and my child(ren) are subject to and must abide by all Board policies and District rules. Prevention of and Response to Bullying, Intimidation, and Harassment

In District 86, philosophical beliefs and education mandates underpin our anti-bullying, anti-harassment efforts in accordance with Board Policies 7:20 and 7:180. To reinforce these efforts, each campus has developed a character education program to enhance a positive school-wide behavioral system. With a focus on the Illinois State Board of Education's Social/Emotional Learning Goals and Standards, both schools implement a curriculum which teaches social/emotional skills and they encourage reporting of inappropriate behavior to a trusted adult. In addition, events are held, grade-level specific and school-wide, which help advance the caring school culture on each campus. Bullying, intimidation, and harassment diminish a student's ability to learn and a school's ability to educate. Preventing students from engaging in these disruptive behaviors and providing all students equal access to a safe, non-hostile learning environment are important District 86 goals. Students are encouraged to immediately report bullying. A report may be made orally or in writing to the District Complaint Manager or any staff member with whom the student is comfortable speaking. Anyone, including staff members and parents/guardians, who has information about actual or threatened bullying is encouraged to report it to the District Complaint Manager or any staff member. Anonymous reports are also accepted through the Tip Line. More information can be found on the District's website: [Harassment](#)

Student Connectivity

When not at school, does your student have consistent Internet access on a device other than a cell phone (such as a personal computer)? *

Chromebook Agreement Please review the District 86 [Chromebook Agreement](#)

As the parent or guardian of this student, I have read the District 86 Chromebook Agreement. I understand that District 86 retains full ownership of the Chromebook, its accessories, and all related software until the end of the school year in which my child graduates from District 86. The transfer of ownership is contingent on the student's Infinite Campus Fees being in good standing. I understand my child is responsible for this device, including any costs that may occur due to accidental damage, negligence, or loss/theft. Because the Chromebook is an essential component of the learning environment in District 86, I understand that my child must attend class with his/her Chromebook, in working order and fully charged, on a daily basis. I understand that use of this Chromebook and its related software must comply with the District 86 Chromebook Agreement and [Responsible Use Policy \(Policy 6.235\)](#). Further, I understand that, in the event that my child withdraws from a District 86 school, I will be held responsible for the prompt return of the Chromebook and all related accessories. I agree to be bound by the District 86 Chromebook Agreement and hereby give permission to issue a Chromebook (and associated accessories) to my child.
