## **MEMO**

**To:** Non-Public School Parents

**From:** Kimberly Bahniuk  
Coordinator of Maintenance and Transportation

**Subject:** Request for Transportation under Act 372

**Date:** March 2026

Under PA Act 372 nonpublic school children are entitled to transportation to nonpublic schools.

It is our intention to provide the same level of service to nonpublic students as we do for the public students.

A few points to remember

- If a student does not utilize transportation within a 10-day period, the stop may be eliminated, and the student will be unrostered.
- If a student wishes to ride again, parents should call Krise Transportation or Normans Bus Service, and it may take up to 5 school days to reinstate their stop.
- Transportation that the District provides is not an on-call service.
- Ride-times for nonpublic students out of the district can be up to 90 minutes long, depending upon the number of riders and the location of the school
- Any requests to change or modify your student's transportation must be emailed to [ridewithus@slsd.org](mailto:ridewithus@slsd.org), only written requests will be considered.
