Agenda Review: Members discussed a recap of marketing ideas for the website. In addition, efforts are being made to improve the website to create a more user-friendly format with relevant school information.

Charger Celebrations: Many students have been accepted into Ivy League schools, including but not limited to Harvard, Yale, Stanford, and Princeton.

Future Business Leaders of America (FBLA) has ten first place finalists at the state competition.

ACT: Clark scores have gone up in almost every category. Math went up by a record 1 point.

The success of the 95% participation for the ACT and the improved scores is attributed to the in-house supports for students. These include many opportunities for tutoring, in class prep time, and the ACT Boot Camp. All of this is in alignment with the new ACT format. Clark will be building upon this success by starting ACT prep in the ninth grade year beginning in the 2026/2027 school year.

Other Clark News: Fourth Quarter Progress Reports will be released on Friday, April 17th.

A new cooling tower is being installed as well as LED lights and new turf on all the athletic fields.

Student Population: Although there is an issue with declining numbers in student population due to many factors, Clark is showing minimal fluctuation.

No public comment.

Motion to adjourn the meeting by Meredith Freeman and seconded by Kris Parikh.

The meeting adjourned at 4:03 PM. The next SOT meeting is on May 12, 2026.
