

Hello!

Thank you for inquiring about Elizabeth High School! If you are out of District, please contact one of our Assistant Principals to make an appointment before beginning the registration process. They go by the first letter of the last name: John Everhart – A-K jeverhart@esdk12.org, Cory Robinson – L -Z crobinson@esdk12.org

1. To begin our registration process, please go to the Elizabeth High School webpage and click on Enroll/Register on the main page **starting 2/1/26**. Then, begin registration for NEW students. Please be sure to include all of your students in this one-time registration process. If your student has attended Elizabeth School District before, please be sure to check this box at the beginning of the registration process.
2. After completing this process successfully, you should receive an email stating you have completed the process along with your application number. If you do not receive this confirmation email, be sure to check your spam folder. You can email Laurie Burke, LBurke@esdk12.org with your application number, completed supplemental forms for new students and an unofficial transcript for grades 10th-12th which is needed for scheduling. Once the registration has been approved, a counselor will reach out to make an appointment to create a schedule.
