Personal Success Skills Learning
Bentonville Schools K-4 Plan

Personal Success Skills Learning - Tier 1

Personal Success Skills Tier 1 behavioral supports provide all students with a solid foundation in life skills. Bentonville Schools approach for ensuring a strong foundation at the K-4 level includes:

- **Positive Behavior Interventions and Supports** (PBIS) which serves as a framework for school and district-wide systems for creating and maintaining safe and effective learning environments. The teaching of PBIS and Conscious Discipline lessons tied to a school's PBIS Matrix ensures a solid foundation of key personal success skills for elementary students.

- **Guide for Life Principles and Standards** from the Arkansas Department of Education - Guide For Life.

The ADE Guide for Life standards and PBIS frameworks are embedded into our school day in the following ways:

- PBIS/Conscious Discipline lessons align to the behavior matrix for each school.
- Classroom expectations and procedures are tied to the building behavior matrix and are posted in each classroom.
- Guidance lessons are facilitated by school counselors. K-4 Guidance Lessons Calendar
- English-Language Arts Units in K-4 include Choose Love Curriculum and other standards from the Guide For Life.
