The Board of Education has reviewed the transcript, evidence and hearing officer's recommendation in the matter of Student Case #2022-268131:

- Given the seriousness of the offenses, student is not eligible per State statute to return to Capital School District or attend a Consortium Delaware Alternative Program. The implications of the presented charges also pose a severe safety concern for district students and personnel should this student be afforded an opportunity to receive education services via Dover High School or homebound instruction. Student is expelled for an additional 180 school days and may reregister for admission back to school on March 17, 2024.
- The Capital School District Office of Student Services will meet with parent/guardian to determine what on-line services are appropriate, so that student may continue to earn high school credits.
- Should student wish to return to the Capital School District upon completion of the expulsion, student should show documentation that no additional criminal charges have been accrued and student does not pose a threat to others.
