Hopefully she won't go away completely and thanked her for the hard work and extra hours she put in.

Mr. Christiansen, on behalf of the Board of Education, extended congratulations to Dr. Henderson on her retirement and presented a gift to Dr. Henderson.

1.05 Interim Superintendent Update

Dr. Henderson:

- All festivities leading up to graduation were fun, especially the Senior Toast! Thank you to our administrative team for celebrating our seniors. Graduation was amazing! Dr. Voshell and team did a fabulous job.
- Appreciated invitations for all schools' end-of-the-year activities.
- The Digital Convergence team, composed of teachers, coaches, school and district administrators from each school building, met 3 times in the past month to establish a standard device for instructional display within a classroom and to create a prioritization approach for replacing existing technology. We are pleased to announce that the Team provided clear recommendations to the district and we will be moving forward with the following guidance:
 - **SMART (Interactive Flat Panels) are now established as the standard instructional display device for classrooms.** Some of the benefits of the new technology include: reduced glare, improved visibility (no need to turn off your lights to see the board), projector bulbs no longer need to be ordered, and the cost of the display is less than the older technology that was previously being used. **Additionally, wherever possible, mobile SMARTBoards will be used in all grade levels at elementary schools,** which will allow the board to be easily adjusted for our smallest students. Our new middle schools and high school have been specifically designed for wall mounted displays, so we will continue using that approach in those locations. It was decided that **schools with the oldest SMART boards throughout each building will be replaced first,** with consideration for future phases of construction.
- Three schools in Capital School District, through the U. S. Department of Defense program Innovative Readiness Training, will be hosting no-cost medical services of basic medical and wellness exams, optical exams & single-vision prescription eyeglasses, and dental exams extractions/fillings at North Dover Elementary School, South Dover Elementary School and Towne Point Elementary School. Clinic Hours are from August 1 – August 9 from 8 am – 4 pm daily. These clinics will provide medical, dental and optical services to residents ages 2 and up who are uninsured, underinsured or in need of quality care at no cost to the patient. No proof of insurance or identification is needed.
- Thanked the board members for their comments.

- Extended a personal farewell to all those who were present and listening through live stream to the meeting. Completing 30th year in public education. Learned early on the values of hard work and perseverance. Proud to be a part of the Senator Nation. Shared accomplishments of the district during her tenure including, but not limited to: Three Strategic Intents, Teaching and Learning Model, Instructional Rounds, Focus on mental health, social and emotional growth, joined BRINC consortium, successful passage of referendum in 2019, Super Senator Day. Most challenging has been bringing to fruition the repair and renovation of William Henry Middle School to be prepared for our 1,000 students plus staff to begin the 2021-2022 school year in their building.
- Immensely enjoyed the last 6 six years as a Senator. Thanks to the Board for giving me the opportunity.
- Wished Dr. Cade the best.
- Thank you for the support to me and to family members.
- Take time to relax this summer.
