

Course Title:	6th Grade Spanish
Grade(s):	6th

Course Description
This introductory 6th-grade Spanish course, meeting three days in each six-day rotation, gives students their first foundational exposure to the Spanish language and Hispanic cultures.

Unit Title	Unit Description (Include Unit Objectives)	Unit Pacing
Unit 1: Saludos y Despedidas	Students will learn essential greetings and expressions (greetings and farewells), introductions of self and others, courteous expressions (please, thank you, excuse me, etc.), and classroom communication to include familiar and formal salutations to build confidence in spoken interactions.	5 weeks (September-October)
Unit 2: El mundo hispanohablante	A focus on Cultural awareness and global connections to include identification of Spanish-speaking countries, location of countries on a map, basic cultural facts (e.g., continents, capitals, diversity of the Hispanic world), recognize and name Spanish-speaking countries and their capital cities, use simple language to answer, “¿De dónde eres?” / “Where are you from?”, and develop cultural understanding and global awareness.	9 weeks (October - December)
Unit 3: El abecedario	Students will learn the Spanish alphabet and letter names to spell names, cognates, and simple words.	5 weeks (December - January)
Unit 4: Los números	Students will learn numbers up to 50 and use them for answering simple questions using numbers (the date, age, simple math problems).	4 weeks (January-February)
