Title: **Instructional Supplies**
Code: 110
Book: Policy Manual
Section: 100 Programs

Purpose:

It shall be the policy of this Board to supply each teaching staff member and student with the supplies and equipment that is deemed necessary for the implementation of the approved program. Exceptions to this policy shall be:

* The Board recognizes that instructional supplies now include both traditional and digital resources that support modern teaching and learning environments. These resources may include technology-based and artificial intelligence-supported instructional tools that must be used responsibly to support student learning, protect student privacy and maintain academic integrity.

* Instructional supplies and materials may include textbooks, classroom consumables, laboratory materials, instructional technology devices, digital curriculum platforms, online learning resources, artificial intelligence-supported instructional tools, safety equipment, and other materials used systematically ini instruction.

Where individualized and nonreusable clothing or equipment is required for reasons of safety or health, pupils will be requested to provide their own clothing or equipment which shall meet standards set by the school. Such standards shall be those reasonably related to the consideration of safety, health and protection of property.

Where the forgoing requirement(s) impose (s) a financial hardship on a student, the School District will assume the cost. The Superintendent shall devise procedures assuring that no student need be denied participation in the school program for financial reasons while at the same time guarding the privacy of each student.

Definitions:

Instructional supplies and materials may include textbooks, classroom consumables, laboratory materials, instructional technology devices, digital

curriculum platforms, online learning resources, artificial intelligence-supported instructional tools, safety equipment, and other materials used systemically in instruction.

Authority:

This Authority includes both traditional physical instructional supplies and digital or technology-supported instructional resources used as part of the educational program.

Equity and Access Section:

The District shall ensure equitable access to both physical and digital instructional resources while maintaining student confidentiality and dignity when financial assistance is required.

Digital instructional tools, including artificial intelligence-supported resources, shall be evaluated for educational alignment, student date privacy protections, accessibility, and consistency with district technology and academic integrity policies prior to required use by students.

Co-Curricular Activities Section:

Consideration shall be given to ensuring equitable participation when specialized equipment or materials are required.

Delegation of Responsibility:

Establish procedures for evaluating digital instructional supplies, including artificial intelligence-supported tools, for privacy compliance, instructional alignment, accessibility and fiscal sustainablity.
