

Neighborhood Peer Program

Cost

- 5 days per week
Monday-Friday
\$400/month

Locations

- College Park
- Davis
- Harbor View
- Pomona
- Sonora

Times

- 4 hours per day
- Hours vary based on
school locations.

Parent Observation

Parents/guardians are invited to participate in a play-based observation, which includes a 30-minute observation of your child's play, social and language skills, and classroom readiness.

The session includes a circle time, small group activity and free play.

Newport-Mesa Unified School District is looking for preschool-aged children to participate in our Neighborhood Peer Program.

Program Overview

Students learn alongside their same-aged peers in structured, nurturing preschool classrooms led by credentialed teachers.

The programs prepare young learners for success in school, as they participate in small and large group classroom settings, and cooperative play activities.

- Focus is placed on developing language through conversation, storytelling, and play, as well as early thinking skills like sorting, patterns, and problem-solving.
- Social and emotional independence, fostered through direct teaching and cooperative play.
