

# Announcing Our New Obstetrics Emergency Room Now OPEN

## We're Here for You and Your Baby — 24/7

We're excited to share that our brand-new **Obstetrics Emergency Room (OB-ER)** is now open to care for patients **20 weeks gestation and above** who are experiencing pregnancy-related concerns. Under 20 weeks gestation need to present to main Emergency Department (ED) on South Side of the building.

## How to Access the OB Emergency Room

All OB emergency patients should **enter through the Hospital's Main Front Entrance (North Side)**.

Once inside:

1. **Take the elevators to the 5th Floor**
2. **Check in at the Security Desk**

Our team will promptly assist you and direct you to the new Obstetrics Emergency Room.

## After-Hours Entry

If you arrive **after hours (8:30 p.m. - 5 a.m.)**:

- You will find a **camera and telephone** at the entrance.
- **Push the button** and inform the security guard that you are here to be seen for a **pregnancy concern**. If you have difficulty locating the button, call 338-2056 and notify the security personnel that you need access and let in.
- Security will ensure you are guided safely to the OB-ER.

## Your Safety and Comfort Are Our Priority

Our new OB Emergency Room is designed to provide:

- Prompt, specialized care for pregnancy emergencies
- A calm, private environment
- Experienced obstetric nurses and physicians available 24/7

THE FUTURE OF HEALTH CARE IS HERE
