

2026 YOU MATTER AWARD WINNER

Nicole DellaMonica

Bala Cynwyd Middle School

Ms. Dellamonica helped my son to build confidence in math class. She challenged him in math class everyday but she made him feel like he could handle the challenge. She helped him work through his frustration and insecurities.

She spent individual time with him to catch him up on work that he missed when he was out sick. She made him feel like a valuable team/class member. She is the teacher who has encouraged him to work hard and not to give up when he has struggled.

She helped a young boy learn to embrace learning and want to achieve success and better himself everyday.

She is truly the best teacher he has encountered in his 5 years at LMSD. She should be commended for her time, talent and efforts with the children.

She is a treasure! We are so grateful to her for helping our son grow and improve his confidence.
