May 6, 2026

Dear Parents/Guardians and Future Cougars,

We want to share important information regarding registration for the 2026–2027 school year.

This year, NISD will transition to **online registration through the Parent Portal**. We anticipate this system will be available next week. Registration will be organized into two categories: **New Students** and **Returning Students**.

Transfer Students: The online link is currently available and serves as the first step to express interest in NISD. Please note that space is limited, and the transfer process will be more comprehensive and robust this year. Some families will need to meet with the administration before being considered for next year. Once an application is approved, families will be notified to complete the New Student registration process.

We encourage you to help spread the word about NISD as we work toward our goal of enrolling **200 students in grades Pre-K through 8th** for the upcoming school year.

NISD is proud to offer a variety of programs to support student growth and achievement, including:

- **Instrumental Band (Grades 3–8)**
- **Art**
- **Junior High Athletics with small-school sports opportunities**
- **Cheer**
- **High school credit courses in Algebra I and Spanish I**
- **STEM Lab**

Additionally, we are excited to announce plans to add **Technology Applications** courses.

Further details and access to the Parent Portal will be shared soon. If you have any questions, please feel free to contact the school office.

Thank you for your continued support.

NISD Administration
