Dear Healthcare Provider,

Braham Area Schools strive to provide a safe workplace for all employees. However, we understand that accidents will still occur. With this in mind, we have developed a return to work program (RTW) that encourages employees to rejoin the workforce as soon as possible.

Studies show that injured employees often recover faster when they remain active within their restrictions. We also know that employees who lose interaction with fellow employees can begin to feel like an “outsider” and become alienated from their work friends.

For these and other reasons, Braham Schools support work as therapy and we encourage you to help our injured employee return to work under reasonable restrictions as soon as possible. We have a full list of alternate duties that fit nearly any restrictive limitations. A partial list is attached. If you would like more details or if you would like to discuss in detail what assignments are available for a specific employee please call Aaron Christensen at 320-396-5205.

Thank you for your time.

Ken Gagner
Superintendent of Schools
