---	----------

2025-2026 Phase One: Continuous Improvement Diagnostic for Schools

The **comprehensive school improvement plan or CSIP** is defined as a plan developed by the school council, or successor, and charter schools with the input of parents, faculty, and staff, based on a review of relevant data that includes targets, strategies, activities, and a time schedule to support student achievement and student growth, and to eliminate gaps among groups of students.

The comprehensive school and district improvement plan process is outlined in 703 KAR 5:225. The requirements included in the administrative regulation are key components of the continuous improvement process in Kentucky and ultimately fulfillment of school, district, and state goals under the Kentucky State Plan as required by the Every Student Succeeds Act (ESSA).

While the regulation outlines a timeline for compliance purposes, the plan itself is a strategic and proven approach to improve processes and to ensure students achieve.

While diagnostics are completed annually, comprehensive improvement plans are three-to five-year plans that are reviewed and revised during that timeframe. Stakeholders may rewrite plans entirely; however, they are not required to do so. The timeline for the school's 2025-2026 diagnostics is as follows:

Phase One: August 1 - October 1

- Continuous Improvement Diagnostic for Schools
- School Safety Report
- Executive Summary for Schools

Phase Two: October 1 - November 1

- The Needs Assessment for Schools
- School Assurances

Phase Three: November 1 - January 1

- Comprehensive School Improvement Plan

Phase Four: January 1 - December 31

- Professional Development Plan for Schools (Due May 1)
- Progress Monitoring

As principal of the school, I hereby commit to implementing continuous improvement processes with fidelity to support student achievement and student growth and to eliminate achievement gaps among groups of students. I also assure that the comprehensive school improvement plan is developed by the school council, (where applicable) with the input of parents, faculty, and staff.

I also assure that upon the completion of all diagnostics included in the four improvement phases, the most recent version of the CSIP will be posted to the school's website pursuant to 703 KAR 5:225 Section 3(5)(b).

Please enter your name and date below to certify.

2025-2026 Phase One: Executive Summary for Schools

Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Hopkins Elementary School, serving preschool through 4th-grade students, is located in southern Kentucky with over 700 students and 45 certified staff. The significant changes in our building include changing staffing at several grade levels over the last few years. The school is part of the Somerset Independent School system, made up of one elementary school (grades PK-4), one middle school (grades 5-8), and one high school (grades 9-12). The school population includes around 75% Free/Reduced Lunch, 21.7% Special Needs, and 6.5% English Language Learners. We have a diverse population of student cultures and economic backgrounds. Most importantly, we have rich traditions and a substantial local alumni base.

School Stakeholders

Identify and describe the school's stakeholder groups. How does the school ensure stakeholder involvement and engagement in the improvement planning process?

The primary stakeholder groups involve students, parents, staff, and the community. We consider student and parent survey responses and utilize that data for improvement. Staff also take surveys and voice concerns and praises frequently. Overall, Hopkins Elementary School has a large community base that supports our school and district

School's Purpose

Provide the school's purpose statement and supplementary content such as mission, vision, values, and/or beliefs, including the year in which they were last reviewed or revised. Describe how the school embodies its purpose through its program offerings and expectations for students and how stakeholders are involved in its development.

Hopkins Elementary Mission Statement: Hopkins Elementary School emphasizes achieving a happy and productive life for each child by encouraging: -Understanding the value and appreciation of all others, -Respect though honesty, kindness and consideration, -Pride in our school and ourselves, -Motivation for excellence, -Success and responsibility, and -Lifelong learning by showing curiosity of our world.

Notable Achievements

Describe the school's notable achievements in the last three years.

In recent years, we have had an increase in science scores. This happened throughout the entire fourth-grade population on the Kentucky Summative Assessment. The scores in science for students with disabilities in third and fourth grade improved significantly year over year. We will continue to work on improving math, reading, and science but will emphasize improving our free/reduced lunch student population and students with disabilities.

Areas of Improvement

Describe areas for improvement that the school is striving to achieve in the next three years.

Hopkins Elementary School will continue working toward ensuring all students receive a high-quality education. The school strives to improve the learning environment of students with special accommodations and language barriers.

Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

2025-2026 Phase One: School Safety Report	3
---	---

2025-2026 Phase One: School Safety Report

School Safety Report

Pursuant to KRS 158.162, the local board of education shall require the school council or, if none exists, the principal in each school to adopt an emergency plan that must be utilized in case of fire, severe weather, earthquake, or a building lockdown and that: establishes evacuation routes; identifies the best available severe weather zones; develops earthquake protocols for students; and, develops and adheres to practices controlling access to the school building. The emergency plan shall be annually reviewed by the council, principal, and first responders and revised as needed.

In addition to the emergency plan requirements in KRS 158.162, KRS 158.164 requires the local board of education to direct the school council or, if none exists, the principal in each school to establish procedures to perform a building lockdown and to invite local law enforcement to assist in establishing lockdown procedures.

KRS 158.162 also requires the emergency plan be discussed with all school staff prior to the first instructional day of the school year and provided, along with a diagram of the facility, to appropriate first responders. Further, the principal in each school shall conduct, at a minimum, the following emergency response drills within the first 30 instructional days of the school year and again during the month of January: one severe weather drill, one earthquake drill, and one lockdown drill. In addition, required fire drills shall be conducted according to administrative regulations promulgated by the Department of Housing, Buildings and Construction.

Pursuant to KRS 156.095, every public school and public charter school shall provide two (2) evidence-based suicide prevention awareness lessons each school year, the first by September 15 and the second by January 15, either in person, by live streaming, or via a video recording to all students in grades six (6) through twelve (12). Every public school shall provide an opportunity for any student absent on the day the evidence-based suicide prevention awareness lesson was initially presented to receive the lesson at a later time. The information may be obtained from the Cabinet for Health and Family Services or from a commercially developed suicide prevention training program.

KRS 156.095 also requires by November 1 of each year, a minimum of one (1) hour of training on how to respond to an active shooter situation shall be required for all school district employees with job duties requiring direct contact with students. The training shall be provided either in person, by live streaming, or via a video recording prepared by the Kentucky Department of Criminal Justice Training.

Additionally, KRS 156.095 requires all school administrators, certified personnel, office staff, instructional assistants, and coaches and extracurricular sponsors who are employed by the school district shall complete comprehensive evidence-informed training within ninety (90) days of being hired and then every two (2) years after on child abuse and neglect prevention, recognition, and reporting that encompass child physical, sexual, and emotional abuse and

neglect.

Finally, in accordance with KRS 156.095, every public school shall prominently display the statewide child abuse hotline number administered by the Cabinet for Health and Family Services, the National Human Trafficking Reporting Hotline number administered by the United States Department for Health and Human Services, and the Safe Haven Baby Boxes Crisis Line number administered by the Safe Haven Baby Boxes national organization or any equivalent successor entity.

Questions Related to the Adoption and Implementation of the Emergency Plan

1. Has the school council or, where applicable, principal adopted an emergency plan in accordance with local board policy and in compliance with the specifications in KRS 158.162(3) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box. Please note that Senate Bill 1 (2019) and Senate Bill 8 (2020) amended KRS 158.162(3)(d) to require, for example, classroom doors remain closed and locked during instructional time (with limited exceptions) as well as classroom doors with windows be equipped with material to quickly cover the window during a building lockdown. Schools are encouraged to comply with these changes as soon as practicable but, if needed, have until July 1, 2022 to fully implement. Accordingly, failure to comply with KRS 158.162(3)(d), as amended, shall be reported for the 2022-2023 school year and each year thereafter.

Yes

2. Has the school provided local first responders and all school staff with a copy of the school's emergency plan along with a diagram of the school as required by KRS 158.162(2)(b)?

If the answer is "no", please explain in the comment box.

Yes

3. Has the school posted primary and secondary evacuation routes in each room by any doorway used for evacuation as required by KRS 158.162(3)(a)?

If the answer is "no", please explain in the comment box.

Yes

4. Has the school posted the location of severe weather safe zones in each room as required by KRS 158.162(3)(b)?

If the answer is "no", please explain in the comment box.

Yes

5. Have practices for students to follow during an earthquake been developed as required by KRS 158.162(3)(c) and is a copy maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

6. Are practices in place to control access to the school building, including but not limited to controlling outside access to exterior doors during the school day; controlling the main entrance of the school with electronically locking doors, a camera, and an intercom system; controlling access to individual classrooms; requiring classroom doors to remain closed and locked during instructional time (with limited exceptions outlined in statute); requiring classroom doors with windows to be equipped with material to quickly cover the windows during a lockdown; requiring all visitors to report to the front office of the building, provide valid identification, and state the purpose of the visit; and providing a visitor's badge to be visibly displayed on a visitor's outer garment as required by KRS 158.162(3)(d)?

If the answer is "no", please explain in the comment box.

Yes

7. Was the school's emergency plan reviewed following the end of the prior school year by the school council, principal, and first responders and revised as needed as required by KRS 158.162(2)(c) and is a copy maintained in the school office?

Please provide the most recent date of review/revision of the school's emergency plan in the comment box. If the answer is "no", please explain in the comment box.

Yes. Date: 7/29/25

8. Did the principal discuss the emergency plan with **all** school staff prior to the first instructional day of the current school year and appropriately document the time and date of such discussion as required by KRS 158.162(2)(d)?

Please provide the most recent date the school completed this discussion in the comment box.

If the answer is "no", please explain in the comment box.

Yes. Date: 8/5/25

9. Does the school maintain a portable automated external defibrillator in a public, readily accessible, well-marked location in every school building and, as funds become available, at school-sanctioned athletic practices and competitions and meets the requirements of 158.162(2)(e) subsections 1 through 4?

If the answer is "no", please explain in the comment box.

Yes

10. Has the cardiac emergency response plan been rehearsed by simulation prior to the beginning of each athletic season by all licensed athletic trainers, school nurses, and athletic directors; and interscholastic coaches and volunteer coaches of each athletic team active during that athletic season in accordance with KRS 158.162(2)(e)?

If the answer is "no", please explain in the comment box.

Yes

11. During the first 30 instructional days of the current school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and are the drills maintained in the appropriate drill log for the given school year?

If the answer is "no", please explain in the comment box.

Yes

12. During the month of January during the prior school year, did the principal conduct at least one severe weather drill, one earthquake drill, and one lockdown drill as required by KRS 158.162(5) and is documentation maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

13. Prior to the beginning of each athletic season, did the principal conduct the emergency response plan rehearsal by simulation and the venue-specific emergency action plan rehearsal by simulation as required by KRS 158.162(5)2 and is documentation maintained on file in the school office?

If the answer is "no", please explain in the comment box.

Yes

14. Over the immediately preceding twelve months, did the principal conduct fire drills in accordance with administrative regulations promulgated by the Department of Housing, Buildings and Construction as required by KRS 158.162(5)?

If the school did NOT meet the requirement, respond "no" and please explain further in the comment box.

Yes

15. During the prior school year, did your school provide all employees with job duties requiring direct contact with students a minimum of one (1) hour of training on how to respond to an active shooter situation either in person, by live streaming, or via a video recording prepared by the Kentucky Department of Criminal Justice Training by November 1 in accordance with KRS 156.095?

If the answer is "no", please explain in the comment box.

Yes

Questions Related to Suicide Prevention and Child Physical, Sexual, and Emotional Abuse and Neglect (KRS 156.095)

16. During the prior school year, did your school provide two (2) evidence-based suicide prevention awareness lessons, the first by September 15 and the second by January 15, either in person, by live streaming, or via a video recording to all students in grades six (6) through twelve (12) and provide an opportunity for any student absent on the day the evidence-based suicide prevention awareness lesson was initially presented to receive the lesson at a later time?

If the answer is "no", please explain in the comment box.

Tes

17. Did your school provide a minimum of one (1) hour of high-quality evidence-based suicide prevention training, including risk factors, warning signs, protective factors, response procedures, referral, postvention, and the recognition of signs and symptoms of possible mental illness for all school district employees with job duties requiring direct contact with students in grades four (4) through twelve (12) either in person, by live streaming, or via a video recording?

If the answer is "no", please explain in the comment box.

Yes

18. Have all school administrators, certified personnel, office staff, instructional assistants, and coaches and extracurricular sponsors who are employed by the school district completed the implemented KDE-approved comprehensive evidence-based training or trainings on child abuse and neglect prevention, recognition, and reporting within ninety (90) days of being hired and then every two (2) years after in accordance with KRS 156.095(8)?

If the answer is "no", please explain in the comment box.

Yes

19. Does your school have the National Human Trafficking Reporting Hotline, Kentucky Child Abuse and Neglect Hotline and the Safe Haven Baby Boxes Crisis Line prominently posted as required by KRS 156.095(8)(f)? (Downloadable posters are available on KDE's Human Trafficking webpage.)

If the school did NOT meet the requirement, respond "no" and please explain further in the comment box.

Yes

2025-2026 Phase Two: The Needs Assessment for Schools	3
Attachment Summary	10

2025-2026 Phase Two: The Needs Assessment for Schools

Understanding Continuous Improvement: The Needs Assessment for Schools

The Needs Assessment Diagnostic will facilitate the use of multiple sources of data to determine the current reality and establish a foundation for decision-making around school goals and strategies. Once completed, the diagnostic will lead to priorities to be addressed in the comprehensive school improvement plan to build staff capacity and increase student achievement. The needs assessment is to be conducted annually as an essential part of the continuous improvement process and precedes the development of strategic goals (i.e. desired state).

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

The needs assessment provides the framework for all schools to clearly and honestly identify their most critical areas for improvement that they will address later in the planning process through the development of goals, objectives, strategies and activities. 703 KAR 2:225 requires, as part of continuous improvement planning for schools, each school to complete the needs assessment between October 1 and November 1 of each year and include: (1) a description of the data reviewed and the process used to develop the needs assessment; (2) a review of the previous plan and its implementation to inform development of the new plan; and, (3) perception data gathered from the administration of a valid and reliable measure of teaching and learning conditions.

Protocol

1. Clearly detail the process used to determine the priorities of this year's needs assessment. Include the following information in your response:

- names of school council members, leadership teams and stakeholder groups (i.e., Family Resource Youth Service Centers, community partners such as civic and business organizations, etc.) involved in the process
- a timeline of the process
- the specific data reviewed and analyzed
- how and where the meetings were documented.

Data was shared with teachers while it was embargoed (teachers signed a non-disclosure agreement). Once the test data was released to the public, the test data was shared with Hopkins Elementary SBDM council members. Assessment data is reviewed during the district data analysis day. Teachers spend the day analyzing test score data. Leadership meetings will take place with grade-level chairs to update the CSIP.

Review of Previous Plan

2. Summarize the implementation of the goals, objectives, strategies and activities from the previous year's comprehensive school improvement plan (CSIP). What was successful? How will your results inform this year's plan?

Overall, our school met our proficiency goals in Mathematics and Reading. We also met our Separate Academic Goals, Growth Goals, and Safe and Enriched Environment Goals. However, we did not attain our Achievement Gap Goal due to the lack of students who met proficient/distinguished standards on state testing, specifically those designated as students with disabilities. Our school is pleased with our growth and will continue to focus on Reading and Mathematics. We will continue to focus on our academics and serving our students to the best of our ability.

Trends

3. After analyzing data trends from the previous two academic years, which academic, cultural and behavioral measures remain significant areas for improvement?

Example of Trends

- Behavior remains an area for improvement, as referrals have increased in the last two years from 204 in 2023-2024 to 288 in 2024-2025.
- Reading for students in our gap groups remains an area for improvement because the district saw an 11% increase in novice scores in reading among students with achievement gaps from 2024-2025.

We need to continue improving the scores of our students who are identified as Disability-With IEP. We need to continue improving the scores of our students who are identified as English Language Learners. We will continue improving literacy and phonics in the primary grade levels.

Current State of Academics and Climate and Culture

4. Describe in narrative form the current academic state of the school using precise numbers and percentages as revealed by multiple sources of your most recent outcome data. Cite the source of data used. Consider the following data sources:

- Kentucky Summative Assessments
- Benchmark assessments
- Formative assessments
- Graduation rate
- Progress in achieving English language proficiency
- Student access to high quality instructional resources, advanced placement courses, dual credit courses, career and technical education courses, before/after school and summer programs, preschool, full day kindergarten

Example of Current Academic Narratives:

- Thirty-four percent (34%) of students in the achievement gap scored proficient on

Kentucky Summative Assessment (KSA) in reading. Local benchmark data indicates that 32% of all students receive Tier II intervention in reading.

- Fifty-four percent (54%) of our students scored proficient in math on the KSA compared to the state average of 57%. Local formative assessments show 53% of students are on grade level in math.

In 2024-2025, 64.7% of students scored proficient or distinguished on KSA reading compared to our prior year's average of 62%.

In 2024-2025, 77.3% of students scored proficient or distinguished on KSA math compared to our prior year's average of 71%.

In 2024-2025, 59.4% of students scored proficient or distinguished in KSA science compared to our prior year's average of 51%.

In 2024-2025, Hopkins Elementary School scored an 88 on the school climate and safety indicator survey, which placed our school in the VERY HIGH achievement category.

5. Describe in narrative form the current climate and culture conditions of the school using precise numbers and percentages as revealed by multiple sources of your most recent data. Cite the source of data used. Consider the following data sources:

- Educator and school staff retention rates
- High-quality professional learning opportunities
- Chronic absenteeism
- School climate
- Behavior
- Staff and student access to mental healthcare
- Family and community involvement

Example of Current Climate and Culture Narratives:

- Teacher attendance rate was 84% for the 2024-2025 academic year. 2023-2024 Impact survey data shows that 71% of staff feel like they belong at our school.
- Fifty-eight percent (58%) of families participated in a family engagement activity during the 2024-2025 school year.

Hopkins Elementary scored an 88 on the Quality of School Climate Survey for the 2024-2025 school year. In the prior year, Hopkins Elementary School scored an 88.2 on the Quality of School Climate Survey.

Hopkins Elementary had 800+ hours of parent/guardian volunteer hours in the 2024-2025 school year.

Strengths

6. Plainly state, using precise numbers and percentages revealed by current data, the strengths of the school.

Example:

- We have active partnerships with twelve community organizations and businesses.
- Eighty-three percent (83%) of certified staff have participated in high-quality professional learning through the Kentucky Reading Academies.

From the 2021-2022 school year to the 2024-2025 school year, the percentage of proficient and distinguished students in fourth-grade science increased from 49% to 59.4%. The systems of support we implemented for science can be adapted to address our desired performance in reading, math, and science.

Leverages/Assets

7. Explain how the district will utilize its strengths and leverages, including community resources and assets (i.e., colleges, community partnerships, businesses, industry, etc.) to improve areas for improvement listed above.

Examples:

- We will coordinate efforts with our community partners to meet the behavior needs of more students.
- We will utilize the knowledge gained from the Kentucky Reading Academies to develop a reading action plan to target students in our achievement gap groups.

We will coordinate efforts with our alumni base, community partners, and parents/guardians to continue meeting the behavioral and social needs of more students.

We will utilize the knowledge gained from the PIMSER program to enhance our math instruction, focusing on students in our achievement gap groups.

We continue to focus on standards mastery to ensure that all standards are being taught, assessed, and mastered by students in both reading and math (Deployment of standards; Assessment Literacy). We will review student progress monthly by analyzing formative, summative, and benchmark assessments by the classroom teachers.

Evaluate the Teaching and Learning Environment

Consider the processes, practices and conditions evident in the teaching and learning environment as identified in the six Key Core Work Processes outlined below:

KCWP 1: Design and Deploy Standards

KCWP 2: Design and Deliver Instruction

KCWP 3: Design and Deliver Assessment Literacy

KCWP 4: Review, Analyze and Apply Data Results

KCWP 5: Design, Align and Deliver Support Processes

KCWP 6: Establish Learning Environment and Culture

8a. KCWP 1: Design and Deploy Standards

Schools continually assess, review, and revise school curricula to support the assurance that all students have the knowledge, skills, and dispositions for future success.

Will this be a focus? **If yes, describe in the Comments. If no, write N/A.**

☐ No

☒ Yes

COMMENTS

Our school will continue to emphasize I CAN statements with correctly listed standards during walk-through observations.

8b. KCWP 2: Design and Deliver Instruction

Instructional programs include consistent implementation of evidence-based instructional practices essential for academic, behavioral, and social-emotional competencies that are aligned to Kentucky Academic Standards and current research.

Will this be a focus? **If yes, describe in the Comments. If no, write N/A.**

☐ No

☒ Yes

COMMENTS

Our curriculum coach will continue to monitor and coach teacher in instructional design and delivery.

8c. KCWP 3: Design and Deliver Assessment Literacy

Schools have a comprehensive, balanced assessment system that provides a variety of evidence to support educational decision making and includes four primary assessment purposes: formative, diagnostic, interim/benchmark, and summative.

Will this be a focus? **If yes, describe in the Comments. If no, write N/A.**

☐ No

☒ Yes

COMMENTS

Hopkins Elementary will continue to implement our MTSS schedule, reading interventionists, and strong reading instruction to achieve our desired results.

8d. KCWP 4: Review, Analyze and Apply Data Results

Schools communicate and implement a sustainable system for reviewing, analyzing, and applying data results to ensure a uniform way to elicit, interpret, and act on meaningful evidence of student learning.

Will this be a focus? **If yes, describe in the Comments. If no, write N/A.**

☐ No

☒ Yes

COMMENTS

Staff will meet for district data day to review, analyze, and apply data to improve our instructional practices.

8e. KCWP 5: Design, Align and Deliver Support Processes

Schools establish a framework that organizes systems, data, and practices to promote positive, equitable and inclusive learning experiences for all students.

Will this be a focus? **If yes, describe in the Comments. If no, write N/A.**

☐ No

☒ Yes

COMMENTS

Weekly leadership meetings encourage the framework and processes we use to promote positivity and improve learning outcomes for all students.

8f. KCWP 6: Establish Learning Environment and Culture

Schools intentionally design the learning environment to be inclusive and accessible for all students within a culture where learning and continued growth is the primary focus and foundation for all actions.

Will this be a focus? **If yes, describe in the Comments. If no, write N/A.**

☐ No

☒ Yes

COMMENTS

Our school will continue to implement Energy Bus principles to help encourage a positive learning climate at our school.

2025-2026 Phase Two: School Assurances

Introduction

Assurances are a required component of the improvement planning process (703 KAR 5:225). Please read each assurance carefully and indicate whether your school complies by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

Federal Programs

1. If the school receives Title II, Part A funds, the school provides professional development for staff that is in accordance with the purpose of Title II, Part A of ESSA (Every Student Succeeds Act) (job-embedded, evidence-based, sustainable, data-driven and classroom-focused); addresses the needs of all students; and, strives to ensure all students are transition ready as intended by Section 2103 of ESSA, which governs the local use of Title II, Part A funding.

☐ N/A

COMMENTS

Title I Programs

3. The school distributes to parents and family members of participating children in a targeted assistance program, or all children in a schoolwide program, a written parent and family engagement policy, which is agreed on by such parents, and describes the means for carrying out the requirements of ESSA Section 1116 (c) through (f). The school makes the policy available to the local community and updates it periodically to meet the changing needs of parents and the school. For reference, Section 1116(b) of

ESSA allows existing parent and family engagement policies the school may have in place to be amended to meet the requirements under Title I, Part A.

☒ Yes

☐ No

☐ N/A

COMMENTS

4. The school convenes an annual meeting, at a convenient time, to which all parents of participating children in a targeted assistance program, or all children in a schoolwide program, are invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A and to explain the requirements of Title I, Part A, and the right of the parents to be involved, as required under Section 1116(c)(1).

☒ Yes

☐ No

☐ N/A

COMMENTS

5. The school offers a flexible number of meetings to parents, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement (ESSA Section 1116(c)(2)).

☒ Yes

☐ No

☐ N/A

COMMENTS

6. The school involves parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I. This includes the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under section 1114(b). If a school has in place a process for involving parents in the joint planning and design of the school's programs, the school may use that process, if such process includes an adequate representation of parents of participating children (ESSA Section 1116 (c)(3)).

☒ Yes

☐ No

☐ N/A

COMMENTS

7. The school provides parents of participating children in a targeted assistance program, or all children in a schoolwide program—

A. timely information about programs under Title I;

B. a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards; and

C. if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible (ESSA Section 1116 (c)(4)).

☒ Yes

☐ No

☐ N/A

COMMENTS

8. The school jointly develops with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact meets the requirements outlined in ESSA 1116(d)(1-2).

☒ Yes

2025-2026 Phase Three: Comprehensive School Improvement Plan	3
Attachment Summary	5

2025-2026 Phase Three: Comprehensive School Improvement Plan

Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. The comprehensive school improvement plan (CSIP) is a plan developed by the school council with the input of parents, faculty, and staff, based on a review of relevant data that includes targets, strategies, activities, a time schedule to support student achievement and student growth, and to eliminate achievement gaps among groups of students. During the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps between identified subgroups of students. When implemented with fidelity, the CSIP cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

Accountability Indicators

The accountability indicators for elementary/middle schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
- English Learner Progress
- Quality of School Climate and Safety
- Achievement Gap

The accountability indicators for high schools include the following:

- State Assessment Results in reading and mathematics
- State Assessment Results in science, social studies and writing
- English Learner Progress
- Quality of School Climate and Safety
- Postsecondary Readiness (high school only)
- Graduation Rate (high school only)
- Achievement Gap

The Comprehensive School Improvement Plan Goal Building Template

1. The goal building template is a complement to the Needs Assessment for Schools. Schools must download and complete the [Comprehensive School Improvement Plan Goal Building Template](#) to develop both short- and long-term targets and outline the activities intended to produce the desired changes in the required indicators, as well as additional indicators identified as priority through the needs assessment process. When

developing goals, all schools are required to address achievement gap and state assessment results in reading and mathematics. Once completed, upload the template in the attachment area directly below.

Comprehensive School Improvement Plan (CSIP)

HOPKINS ELEMENTARY SCHOOL

2025-2026

Rationale

The CSIP is a plan developed by the school council with the input of parents, faculty and staff based on a review of relevant data that includes targets, strategies, activities, a time schedule to support student achievement and student growth and to eliminate achievement gaps among groups of students. Through the improvement planning process, leaders focus on priority needs, funding and closing achievement gaps among identified subgroups of students.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

Please note that the objectives (yearly targets) set by your school under the Achievement Gap section of this planning template will be used by the district's superintendent to determine whether your school met its targets to reduce the gap in student achievement for any student group for two consecutive years as required by KRS 158.649. Likewise, operational definitions (and general information about goal setting) for each required planning component can be found on page 2 of this planning template.

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act, as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

Operational Definitions

When completing the template sections that follow, please refer to the following operational definitions:

- **Goal:** Long-term three- to five-year targets based on the school level state assessment results. Long-term targets should be informed by the Phase Two: Needs Assessment for Schools;
- **Objective:** Short-term yearly target to be attained by the end of the current academic year. Objectives should address state assessment results and/or aligned formative assessments. There can be multiple objectives for each goal;
- **Strategy:** An approach to systematically address the process, practice or condition that the school will focus its efforts upon, as identified in the Needs Assessment for Schools, in order to reach its goals or objectives. There can be multiple strategies for each objective. The strategy can be based upon Kentucky's six Key Core Work Processes listed below or another established improvement approach (i.e., *Six Sigma*, *Shipley*, *Baldrige*, etc.);
- **Key Core Work Processes:** A series of processes identified by the Kentucky Department of Education that involve the majority of an organization's workforce and relate to its core competencies. These are the factors that determine an organization's success and help it prioritize areas for growth;

KCWP 1: Design and Deploy Standards

KCWP 2: Design and Deliver Instruction

KCWP 3: Design and Deliver Assessment Literacy

KCWP 4: Review, Analyze and Apply Data Results

KCWP 5: Design, Align and Deliver Support

KCWP 6: Establish Learning Environment and Culture

- **Activity:** Actionable steps the school will take to deploy the chosen strategy. There can be multiple activities for each strategy;
- **Progress Monitoring:** Process used to collect and analyze measures of success to assess the level of implementation, the rate of improvement and the effectiveness of the plan. The measures may be quantitative or qualitative but are observable in some way. The description should include the artifacts to be reviewed, specific timelines, and responsible individuals; and
- **Funding:** Local, state or federal funds/grants used to support (or needed to support) the activities.

Goal Setting:

When developing goals, all schools must establish achievement gap targets and set goals in the area of state assessment results in reading and mathematics. Other goals aligned to the indicators in the state's accountability system and deemed priority areas in the Phase Two: Needs Assessment for Schools are optional.

Required Goals

Achievement Gap

KRS 158.649 requires the school-based decision making (SBDM) council, or the principal if no council exists, to set the school's yearly targets for eliminating any achievement gap. The targets should be established with input from parents, faculty and staff and submitted to the superintendent for consideration and the local board of education for adoption. In addition to being a statutory requirement, intentionally focusing on the achievement gaps that exist among a school's underserved student populations is also a vital component of the continuous improvement process. Schools should use a variety of measures and analysis when conducting its review of its achievement gaps, including a review of the school's climate and culture. Schools are not required to establish long term achievement gap goals; however, schools must establish yearly targets. Additional rows may be added for multiple targets, strategies and activities.

Objective(s):

By 2030, our school will increase our percentage of students identified as Disability-With IEP who scored proficient and distinguished on the Kentucky Summative Assessment to 50% in Reading and 50% in Mathematics.

1. By 2026, increase the percentage of students identified as Disability-With IEP who scored proficient and distinguished on the Kentucky Summative Assessment in Reading to 50%.
2. By 2026, increase the percentage of students identified as Disability-With IEP who scored proficient and distinguished on the Kentucky Summative Assessment in Mathematics to 50%.

Strategy:

Supplemental Instructional Programs [KCWP 5: Design, Align and Deliver Support](#); Interventions [KCWP 5: Design, Align and Deliver Support](#);

Activities:

1. Develop and implement a plan for using the current online program in math and reading for students who are scoring below proficiency.
2. Provide after school tutoring in reading and mathematics based on student needs.
3. Increase classroom activities and lessons based on student engagement strategies, hands-on, differentiation and or small groups.
4. Provide small group lessons for students who need interventions, including reading, math and science.
5. Utilize Tier I RTI resources included with math and reading programs in classrooms.
6. Conduct individual walk-throughs using e-Walk after classroom management strategies training to measure the implementation of evidence-based practices.
7. Train teachers in classroom management strategies.

Progress Monitoring:

Implementation check will be completed at the end of the school year and again in the fall, notes will be entered here.

Funding:

ESS, City Grant, Title I

State Assessment Results in Reading and Mathematics

Kentucky's accountability system uses multiple academic and school quality measures, with each indicator contributing to the overall score. Reading and math proficiency are foundational to student success, and state assessment results in reading and mathematics carry the greatest weight when calculating the overall score at each level (elementary, middle and high school). This indicator is a required goal area for all schools.

Three- to Five-Year Goal:

By 2030, our school will increase our percentage of students who scored proficient and distinguished on the Kentucky Summative Assessment to 70% in Reading and maintain at least a 70% in Mathematics.

Objective(s):

By 2026, increase the percentage of students who scored proficient and distinguished on the Kentucky Summative Assessment in Reading to 65% and maintain Mathematics to at least 70%.

Strategy:

Curriculum KCWP 1: Design and Deploy Standards & KCWP 2: Design and Deliver Instruction; Assessment KCWP 3: Design and Deliver Assessment Literacy & KCWP 4: Review, Analyze and Apply Data; Professional Development KCWP 5: Design, Align and Deliver Support & KCWP 6: Establishing Learning Culture and Environment

Activities:

1. Continue to use Proficiency Checks aligned and congruent with state standards and analyze student data to modify instruction as needed.
2. Continue walk-through observations and analyze the data to adjust instructional strategies.
3. Students can communicate the student friendly learning target/expectation at each grade level.
4. Utilize differentiated resources in math and reading instructions for all students from RTI to gifted/primary talent pool.
5. Select and utilize resources that are aligned to Kentucky standards.
6. Implement formative assessments to measure reading comprehension and fluency (fluency checks, NWEA MAP, STAR Reading and Proficiency Checks) and analyze student data to make instructional decisions.
7. Implement mathematics formative assessments (NWEA MAP and Proficiency Checks) and analyze student data to make instructional decisions.
8. Provide opportunity for students to practice assessment skills and strategies (including short answer and extended response) for 3rd and 4th grades.
9. Conduct kindergarten readiness assessment for all first-time kindergarten students; this will give teachers better information to adjust instruction.
10. Provide on-going professional development for elementary best practices (KAGAN, differentiation, classroom management, technology integration, etc.)

Progress Monitoring:

Implementation check will be completed at the end of the school year and again in the fall, notes will be entered here.

Funding:

Title V, SBDM, Textbook, Title I, IDEA, PD, Title II

Alignment to Needs: Optional Goals

Through the Phase Two: Needs Assessment for Schools, priorities were identified, and processes, practices and/or conditions were chosen for focus. Identify any additional indicators that will be addressed by the school in order to build staff capacity and increase student achievement by selecting “yes” or “no” from the dropdown options (beside each indicator) below. For any indicator noted as a priority with a “yes,” schools must complete the below fields. For any indicator marked with a “no,” no further information is needed. Each indicator must have a “yes” or “no” response in the below table.

Indicator	Priority Indicator?
State Assessment Results in science, social studies and writing	Yes
English Learner Progress	Yes
Quality of School Climate and Safety	Yes
Postsecondary Readiness (high schools and districts only)	No
Graduation Rate (high schools and districts only)	No

Priority Indicator Goals:

Complete the fields below for each indicator that was chosen as a priority with a “yes” response above.

Priority Indicator #1: State Assessment Results in Science, Social Studies and Writing

Three- to Five-Year Goal:

By 2030, our school will increase our percentage of students who scored proficient and distinguished on the Kentucky Summative Assessment to 65% in Science.

Objective(s):

By 2026, increase the percentage of students who scored proficient and distinguished on the Kentucky Summative Assessment in Science to 60%.

Strategy:

Curriculum KCWP 1: Design and Deploy Standards & KCWP 2: Design and Deliver Instruction; Assessment KCWP 3: Design and Deliver Assessment Literacy & KCWP 4: Review, Analyze and Apply Data; Professional Development KCWP 5: Design, Align and Deliver Support & KCWP 6: Establishing Learning Culture and Environment

Activities:

1. Continue to use Proficiency Checks aligned and congruent with state standards and analyze student data to modify instruction as needed.
2. Continue walk-through observations and analyze the data to adjust instructional strategies.
3. Students can communicate the student friendly learning target/expectation at each grade level.
4. Select and utilize resources that are aligned to Kentucky standards.
5. Implement Through Course Tasks in science class.
6. Implement formative assessments to measure science skills (NWEA MAP and Proficiency Checks) and analyze student data to make instructional decisions.
7. Provide opportunity for students to practice assessment skills and strategies (including short answer and extended response) for 3rd and 4th grade science.
8. Provide on-going professional development for elementary best practices (KAGAN, Thoughtful Education, differentiation, classroom management, technology integration, etc.).

Progress Monitoring:

Implementation check will be completed at the end of the school year and again in the fall, notes will be entered here.

Funding:

Title V, SBDM, Textbook, Title I, IDEA, Pd, Title II

Priority Indicator #2: English Learner Progress

Three- to Five-Year Goal:

By 2030, our school will increase the average ACCESS scores of students identified as English Learners.

Objective: By 2026, increase the average ACCESS score of English Language Learner students by decreasing barriers to learning.

Strategy:

[KCWP 3: Design and Deliver Assessment Literacy](#) & [KCWP 4: Review, Analyze and Apply Data](#) & [KCWP 5: Design, Align and Deliver Support](#)

Activities:

1. Spiral content in reading throughout the year.
2. Provide incentives for students who show growth on MAP testing in winter and spring.
3. Implement resources in class including Pear Assessment, Simple Solutions, KSA examples, Lexia, and Lexia English on a regular basis.
4. Implement resources in class including Pear Assessment, Simple Solutions, and KSA examples on a regular basis.
5. Practice open response questions throughout the school year. Implement short answer for 3rd grade, short answer and open response with 4th grade students.
6. Provide instructional staff to provide small group English Instruction.
7. Provide after school tutoring for 3rd and 4th grade students in the areas of reading and math.

Progress Monitoring:

Implementation check will be completed at the end of the school year and again in the fall, notes will be entered here.

Funding:

PTA, City Grant, Title I, ESS

Priority Indicator #3: Quality of School Climate and Safety

Three- to Five-Year Goal:

Provide a safe and enriching environment for student learning by maintaining a Quality of School Climate and Safety Indicator Score of at least an 85.0 or above.

Objective(s):

1. Increase student proficiency by decreasing barriers to learning.
2. Increase student proficiency by increasing technology resources and use by students.

Strategy:

Community and Parent Involvement KCWP 6: Establishing Learning Culture and Environment; Attendance KCWP 5: Design, Align and Deliver Support & KCWP 6: Establishing Learning Culture and Environment; Technology KCWP 5: Design, Align and Deliver Support

Activities:

1. Teachers will contact parents/grandparents to recruit them as volunteers to assist in their classroom.
2. Increase parents support of learning by providing weekly newsletters (via paper, teacher webpage, google classroom, remind, Parent Square), monthly district newsletters, assessment reports, updated grades on Infinite Campus Portal, open house, parent-teacher conferences and other parent invitations to visit school.
3. Utilize and support activities offered by the Family Resource and Youth Service Center.
4. Continue to support the pre-school program through training, classroom materials and assessments.
5. Continue to provide school nurse and access to the community health bus to students.
6. Continue to provide School Resource Officer to monitor safety.
7. Award classrooms for high attendance with banner and students for perfect attendance with certificates at Celebration Assemblies.
8. Continue to conduct attendance committee meetings, along with necessary home visits, to increase student attendance.
9. Implement the technology plan as approved by the board of education and posted on the district webpage.
10. Increase opportunities for students to use technology to learn new content and/or review previous standards.

Progress Monitoring:

Implementation check will be completed at the end of the school year and again in the fall, notes will be entered here.

Funding:

2025-2026 Phase Four: Professional Development Plan for Schools (Implemented 2026... 3

2025-2026 Phase Four: Professional Development Plan for Schools (Implemented 2026-27 School Year)

Research demonstrates a positive link between high-quality professional learning (HQPL), teaching practices and student outcomes. Effective professional learning not only has the potential to improve both classroom instruction and student outcomes, but also it can be effective in recruiting and retaining teachers. When designing and/or selecting HQPL at the local level, it is important to ensure alignment to the characteristics of [High-Quality Professional Learning](#).

The purpose of this diagnostic is to support the school in designing and implementing a professional development plan that aligns to the goals established in [KRS 158.6451](#) and the local needs assessment. [704 KAR 3:035](#) establishes the annual professional development plan.

Per Section 2, "Each local school and district shall develop a process to design a professional development plan that meets the goals established in [KRS 158.6451](#) and in the local needs assessment. A school professional development plan shall be incorporated into the school improvement plan and shall be made public prior to the implementation of the plan. The local district professional development plan shall be incorporated into the district improvement plan and posted to the local district Web site prior to the implementation of the plan."

Section 3 further provides, "Each school and local district professional development plan shall contain the following five (5) elements:

- (1) A clear statement of the school or district mission;
- (2) Evidence of representation of all persons affected by the professional development plan;
- (3) A needs assessment analysis;
- (4) Professional development objectives that are focused on the school or district mission, derived from the needs assessment, and specify changes in educator practice needed to improve student achievement; and
- (5) A process for evaluating impact on student learning and improving professional learning, using evaluation results."

1. Professional Development Plan

What is the school's mission?

We will provide our students with the highest educational learning experience by creating innovative opportunities, effective communication, and leaders who inspire
- Everyday, Everyway, No Exceptions!

2. The needs assessment provides the framework for **all** schools to clearly identify their most critical areas for improvement that will be addressed in the planning process

through the development of goals, objectives, strategies and activities. What are the **top two areas requiring professional development?**

Teachers completed a questionnaire about professional development needs and the following data shows the greatest needs of our teachers. The most requested PD district wide were Vibrant Learning and Research Based Instructional Strategies followed closely by Classroom Management and High Quality Instructional Resources training.

3. For the **first identified area requiring professional development**, what required school goal(s) from the Comprehensive Improvement Plan will be supported through this professional development (state assessment results in reading and math, state assessment results in science, social studies and writing, achievement gap, English learner progress, quality of school climate and safety, postsecondary readiness, graduation rate, etc.)

By 2030, our school will increase our percentage of students who scored proficient and distinguished on the Kentucky Summative Assessment to 70% in Reading and maintain at least a 70% in Mathematics.

a. What are the specific **objectives** (long-term and short-term) for this professional development?

The first area is Vibrant Learning. This has been a state initiative, and teachers feel they need more training to be able to implement more vibrant learning experiences into their classrooms. The goal of professional development about vibrant learning is for teachers to understand what vibrant learning is and is not, create vibrant learning experiences from the lessons and curriculum they already use, and implement those lessons into their classroom.

b. What are the **intended results** of this professional development (e.g. student outcomes, educator beliefs, practices)?

The outcome of the professional development is for students to participate in and experience vibrant learning.

c. How will this professional development be monitored for **evidence of implementation?**

i. What data will be considered and gathered (e.g. student work samples, curriculum-based assessments, classroom observations, teacher feedback)?

ii. Who is responsible for gathering? (teachers, coaches, administrators, etc.)

iii. How frequently will this data be analyzed? (monthly, quarterly, etc.)

Principals and other administrators will conduct walk-thru to document implementation of vibrant learning in classrooms throughout the year. During

i) PLC meetings, teachers will discuss examples of vibrant learning experiences used in their classrooms.

ii) Teachers and Administrators

iii) PLC meetings occur monthly and walk-thru data is reviewed quarterly.

d. What will be the **indicators of success** of this professional development (e.g. improved formative assessment data, teacher efficacy and perception data, ongoing classroom data points)? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved and **describe in detail**.
Teachers will include more vibrant learning experiences for students into classroom lessons as measured by walk-thru data and PLC protocols

e. Who is the **specific targeted audience** for this professional development (e.g. elementary math teachers, those implementing high-quality instructional resources)?
All classroom teachers.

f. What specific **resources** are needed to support this professional development (e.g. staff, funding, technology, specific instructional resources, professional development from vendors, release time for professional learning)?

i. What funding source(s) will be utilized to support this professional development?

ii. What will be the start date and anticipated completion date for each professional development activity? If professional development is ongoing, specify the frequency of activity across the year.

iii. What supplies and resources will be needed to implement this professional development?

i) Title II funds will be used to support some of the professional development work. We will be using ElevatEd staff to complete the initial training for Vibrant Learning.

ii) The initial training will begin in May of 2026 and events will take place throughout the school year 2026-2027.

iii) Materials for the training will include items provided from the ElevatEd workshop facilitators as well as information from KDE. Teachers will also use their High Quality Instructional Resources to find lessons that can be made more vibrant.

g. What specific **ongoing supports** will be provided for professional development implementation (e.g. district level coaches will work with teacher teams monthly, building level coaches will lead monthly professional learning communities using instructional resources from professional development, bi-monthly release time for teachers to analyze student work or cooperatively plan, monthly meetings with mathematics

consultant)? The ongoing supports should be connected to the specific professional development area identified in question 3.

Each building has a curriculum coach to provide ongoing support to teachers as they implement vibrant learning experiences into their lessons for the students.

4. For the **second identified area requiring professional development**, what required school goal(s) from the comprehensive improvement plan will be supported through this professional development (state assessment results in reading and math, state assessment results in science, social studies and writing, achievement gap, English learner progress, quality of school climate and safety, postsecondary readiness, graduation rate, etc.)

By 2030, our school will increase our percentage of students who scored proficient and distinguished on the Kentucky Summative Assessment to 65% in Science.

a. What are the specific **objectives** (long-term and short-term) for this professional development?

The first area is Research Based Instructional Strategies. This is a continuing district initiative. The goal of professional development on Research Based Instructional Strategies is for teachers to understand how Visible Learning Research can show us best and worst instructional practices for the classroom. Teachers can increase the implementation of strategies that have a higher impact, or effect size, while reducing the use of strategies that do not show positive impact on student learning and acceleration.

b. What are the **intended results** of this professional development (e.g. student outcomes, educator beliefs, practices)?

The outcome of the professional development is for students to participate in and experience research based instructional strategies that lead to accelerated student learning.

c. How will this professional development be monitored for **evidence of implementation**?

i. What data will be considered and gathered (e.g. student work samples, curriculum-based assessments, classroom observations, teacher feedback)?

ii. Who is responsible for gathering? (teachers, coaches, administrators, etc.)

iii. How frequently will this data be analyzed? (monthly, quarterly, etc.)

i) Principals and other administrators will conduct walk-thru to document implementation of Visible Learning strategies in classrooms throughout the year. During PLC meetings, teachers will discuss examples of research based instructional strategies used in their classrooms.

ii) Teachers and Administrators

iii) PLC meetings occur monthly and walk-thru data is reviewed quarterly.

d. What will be the **indicators of success** of this professional development (e.g. improved formative assessment data, teacher efficacy and perception data, ongoing classroom data points)? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved and **describe in detail**.
Teachers will include more research-based strategies for students learning into classroom lessons as measured by walk-thru data and PLC protocols.

e. Who is the **specific targeted audience** for this professional development (e.g. elementary math teachers, those implementing high-quality instructional resources)?
All classroom teachers.

f. What specific **resources** are needed to support this professional development (e.g. staff, funding, technology, specific instructional resources, professional development from vendors, release time for professional learning)?

i. What funding source(s) will be utilized to support this professional development?

ii. What will be the start date and anticipated completion date for each professional development activity? If professional development is ongoing, specify the frequency of activity across the year.

iii. What supplies and resources will be needed to implement this professional development?

i) Title II funds will be used to support some of the professional development work. We will be using books and materials from Visible Learning research by John Hattie.

ii) The initial training will begin in May of 2026 and events will take place throughout the school year 2026-2027.

iii) Materials for the training will include items provided from the Visible Learning texts including The Illustrated Guide to Visible Learning and 10 Mindframes for Visible Learning.

g. What specific **ongoing supports** will be provided for professional development implementation (e.g. district level coaches will work with teacher teams monthly, building level coaches will lead monthly professional learning communities using instructional resources from professional development, bi-monthly release time for teachers to analyze student work or cooperatively plan, monthly meetings with mathematics consultant)? The ongoing supports should be connected to the specific professional development area identified in question 4.

Each building has a curriculum coach to provide ongoing support to teachers as they implement vibrant learning experiences into their lessons for the students.

5. If there is additional professional development information you would like to include, you may upload an attachment(s) here. **If you do NOT wish to include an optional extension, please list N/A in the space provided below.**
