

Cache County School District

Policy Series 7000: Community

Policy No. 7350

Civility

Cache County School District is committed to maintaining orderly educational environments keeping schools and administrative offices free from disruptions. District staff will treat parents, students, and other public members with respect and expect the same in return.

This policy promotes mutual respect, civility, and orderly conduct among district employees, parents, and the public. It is not intended to deprive any person of his/her right to freedom of expression but to maintain a safe, harassment-free environment for all.

Cache County School District encourages positive communication to provide positive role models to the district's children. It discourages volatile, hostile, or aggressive speech and/or actions. The district seeks public cooperation with this endeavor. The superintendent shall develop procedures for implementing this policy.
