

# MANTECA UNIFIED GAME ENGINEERING SUMMER CAMP

**3RD-5TH  
GRADE**

Get ready for a hands-on adventure where students explore coding and engineering by creating their own arcade-style games on the campus of a Manteca Unified school site! Using the Nintendo Switch, Sphero, Nintendo Labo, and tools from our SJCOE FabLab, campers will program, design, and build fun, interactive inventions with these powerful tools.

**JULY 21 & 22**

**9 A.M. - 1:30 P.M.**

**AUGUST KNODT - CAFETERIA**
