

CALIFORNIA STATE UNIVERSITY, SAN BERNARDINO
& SAN BERNARDINO SYMPHONY ORCHESTRA

Summer Youth Music Camp

SUNDAY, JUNE 14 - SATURDAY, JUNE 20, 2026

WOODWINDS - BRASS - PERCUSSION - STRINGS - PIANO - MUSIC TECHNOLOGY

Through a partnership with the San Bernardino Symphony Orchestra (SBSO), this camp brings middle-school and high-school students to the CSU San Bernardino campus to participate in a week-long series of classes, workshops, rehearsals, coachings, sectionals, and masterclasses. Students will work with a faculty of professional musicians from both CSUSB and the San Bernardino Symphony Orchestra.

Middle school students are able to select from one of two tracks:

- **COMBINED ORCHESTRA AND BAND**
- **PIANO**

The middle school combined orchestra and band track is open to woodwinds, brass, percussion, and strings. Both tracks culminate with performances.

High school students are able to select from one of four tracks:

- **STRING ORCHESTRA**
- **WIND BAND**
- **PIANO**
- **MUSIC TECHNOLOGY**

Please note that the high school string orchestra and wind band will combine into a joint ensemble for certain performances. Students may only select one track. The string orchestra, wind band, and piano tracks culminate with performances. The music technology track will culminate in a recording of the various ensemble performances.

Interested students need to fill out the online registration form for their track, and submit a placement audition (portfolio item for music technology students) by **June 1, 2026, 11:59 p.m.** All summer camp information, forms, and links can be found here ▶
