

CTE CARL PERKINS SSA

ESC Region 12 offers the Carl Perkins SSA program to schools with a CTE allotment of less than \$15,000, which is required to join an SSA. However, the program is also open to districts that would like to benefit from being part of an SSA.

The Perkins SSA program provides professional development, expert assistance, and guidance to help schools meet state and federal requirements for Career and Technical Education (CTE). Moreover, it offers resources and information on college, career, and military readiness.

Membership Benefits

The ESC 12 Federal Programs Team supports LEAs with CTE/Perkins requirements. We provide a variety of services and different levels of assistance to LEAs, including:

- Quarterly updates on state and federal guidelines for Career and Technical Education (CTE)
- Technical assistance to districts to align their programs of study
- Yearly updates on the Student Attendance Accounting Handbook
- The labor market and career information from the Heart of Texas and Central Texas Workforce Development Boards
- Connections with both secondary and post-secondary institutions
- Ongoing information is available through the Perkins email group
- Collaborations with Convenor Grant for connections of industry to education development
- Assistance for College, Career, and Military Readiness support
- Collaborations with local industries to bridge educational partnerships
- Technical support for Carl D Perkins Comprehensive Local Needs Assessment and Grant
- Technical evaluation and support for CTE coding and funding
- Unlimited attendance at all ESC Region 12 CTE training sessions at no cost
- Technical assistance for districts to align programs of study
- Technical assistance to evaluate the district's CTE program
- Technical assistance as needed for CTE alignment of industry-based Certification
- Supply purchases for Perkins Programs of Study alignment
