

River Bluff High School
School Improvement Council Meeting
April 20, 2026
6:00-7:00 PM
Library

Agenda

- I. Welcome and circle up**
 - a. A high and a low from the last few weeks
- II. Principal's Greeting and Status Report- Jacob Smith**
- III. CREW- what is happening so far- Britt Collins**

Spring Sports, CREW rating and grading, Soph talks, Senior CREW games, last pep rally, soph driving experience, Autism Awareness Month, Saving Seniors, PROM

Looking ahead: AP testing, EOC testing, Virtual SC testing, Seniors last day, Graduation, last day of school; Amazing teachers retiring this year- we are working on hiring incredible educators to be in our classrooms
- IV. 4 priorities for SIC for 2025/2026- discussion on what we accomplished**
 - A. Address student freedoms not used wisely. This includes supporting students with learning how to study wisely and learn critical thinking.
 - B. Have more focus on non-traditional professional ideas. This goal is to address the 12% who are not meeting college/career readiness standards.
 - Review ways to meet the College/Career readiness standard in a HS
 - List of businesses willing to work with a HS intern (district looking into this)
 - C. Find ways to reach all families and students who are slipping through the cracks by also including all learning styles.
 - D. Further explaining the importance and difference of Dual Enrollment and AP courses in order to better help students make/understand decisions related to their future paths.
 - Document created for this
 - Student panel to get student voice on this
- V. Stop, Start, Continue**
- VI. Principal search update- what we want our new principal to know**
- VII Honoring Mr Smith**

Meeting notes:

Circle up: went well

Report from Jacob and Britt Collins

Priority recap from 25/26

Our focus priorities for this year were B and D.

B- At the Community Conversation, we suggested a district-wide list of businesses/organizations who would work with high school students to fulfill the internship component. This idea was greeted well by Board members and staff from Central Services. We hope this becomes a way for more students to have internships in the future. We also brainstormed possible ways to encourage students to pass the Career Readiness Exam

D- We focused on creating a flyer that clearly and easily breaks down the differences between the two pathways. We also suggested a panel with parents and students at a curriculum night type event to get first hand information about the two options. We also would like information about both to be prominent at Junior 101 and Senior 101 nights.

Brainstormed ways to honor Mr Smith and his contributions to RBHS
