

May 11, 2026

Dear Parents/Guardians,

As we approach the end of the academic year, we want to share our plans for the upcoming summer learning program. Our goal is to provide additional support for students who may benefit from continued learning during the summer break.

Summer learning will be offered from June 8 through June 25, Monday through Thursday, with varying schedules based on grade levels and programs:

- Grades 1-5: Classes will be held from 8:30 AM to 3:00 PM at Calallen East Elementary School.
- Grades 6-12: Classes will be held from 8:00 AM to 4:00 PM at Calallen High School.
- Emergent Bilingual Program (Pre-K to 2nd Grade only): Classes will be held from 8:30 AM to 3:00 PM at Calallen East Elementary School.

Bus transportation and meals will be provided for summer learning participants.

Please note that the number of students who can participate in the summer learning program is limited. Priority may be given to students with the greatest academic need based on a holistic review of the qualifying criteria. Your child's campus will notify you if your child is invited to participate in the summer learning program. Selected programs may require a participant fee. General criteria and fees for enrollment in the summer learning program are outlined below:

Participation Criteria:	Fee
1. Academic Performance: Students in Grades K- 5 who fail or struggle to meet grade-level standards in core subjects may be recommended for summer learning by their teachers.	\$0
2. STAAR Failure: Students identified as needing supplemental instruction due to failure of one or more STAAR / STAAR EOC exams may be invited to participate in summer learning.	\$0
3. English Language Learners: English language learners in Pre-K to 2 nd Grade who need extra support in language development and academic skills may be eligible to participate.	\$0
4. Individual Education Plans (IEPs): Students with IEPs that include extended school year services as part of their accommodations will automatically qualify for participation in summer learning.	\$0
5. Attendance: Students in grades K-5 with a history of chronic absenteeism or tardiness may be eligible for summer learning to help them catch up on missed instruction.	\$0
6. Credit Recovery: Students in Grades 6-12 who do not meet passing standards in core subjects may be eligible for credit recovery.	Up to \$100 per course
7. Credit Denials due to Attendance: Students in grades 9-12, who have been denied credit due to low attendance, may be eligible to make-up attendance hours during the summer learning program.	Up to \$20

We believe that the summer learning program will provide valuable opportunities for students to reinforce their skills, make academic gains, and prepare for the upcoming school year. Our dedicated team of educators is committed to providing engaging and supportive instruction to meet the diverse needs of our students.

If you need additional information about the summer learning program, please contact your child's campus or the District Curriculum Director, Jodi Ferguson at (361) 242-7594. Thank you for your continued partnership in supporting your child's education.

Sincerely,

Emily Lorenz
District Superintendent
