Whitehaven High School Family Engagement Plan

The high school encourages Whitehaven to involve parents in the educational process. We develop a family engagement plan written with our parents. The school-wide Family Engagement Plan has set expectations for parent involvement. We share a common goal: to help all children succeed every day. We will:

1. Convene annual meetings at flexible times where all parents are invited, informed of Title I requirements, Title I school participation, and parents' right to participate in school.
2. Provide, describe, and explain to parents each child's curriculum, academic assessment, and proficiency level, raising awareness of parents' right to know.
3. Provide timely information about programs with parent involvement.
4. Provide opportunities for regular parent meetings to keep them informed of Whitehaven activities and progress, as well as to solicit parent feedback.
5. Work with parents to develop a covenant between the school and parents.
6. Encourage parents to be involved in the decision-making process by participating in the Whitehaven Board of Directors and the Parent, Teacher, and Student Organization (PTSO).
7. Encourage parental involvement in school and extracurricular activities.
8. Engage parents, in an organized, ongoing, and timely manner, in the planning, review, and improvement of school-wide parent engagement programs and the family engagement plan.
9. Involve parents in the annual planning and development of the Tennessee School Improvement Plan.
10. Schedule a flexible number of meetings; Arrange parent conferences and mail hard copies of students' curriculum and report cards to inform parents of the student's academic progress.
11. Provide alternative means of communication to provide information (brochures, newsletters, school website, school messaging, social media).
12. Sponsor a variety of workshops so that parents have the opportunity to participate in the development of their educational programs.
