THE PLAYHOUSE INSTITUTE **Summer** CONSERVATORY

NO MAP HOME

JULY 6 – AUGUST 7 • FOR AGES 13-18

This Summer, the Playhouse Institute Conservatory is back with a five-week intensive performance program inspired by Homer's *The Odyssey*, reimagined through a bold, contemporary lens. No Map Home invites high school students who are ready to deepen their training and explore what it means to lead, to fail, to change, and to find their way forward when the path is anything but clear. This ensemble-driven program focuses on collaboration, creative risk, and process over perfection. Through acting, movement, music, and devised theater, participants will build an original performance shaped by their own voices, strengths, and imaginations.
