Visual Arts K-12 Vision

In Dublin City Schools, we believe that visual arts learning is essential for all students. Through art, learners engage both sides of the brain, strengthening their ability to problem-solve, imagine, and create. The artistic process develops technical proficiency, critical thinking, and confidence while also nurturing empathy and inclusion through shared creative experiences.

DCS Visual Arts is committed to cultivating the dispositions of an artist by providing space for:

- Experimentation, Play as process, and Imagination – explore new ideas, materials, and approaches.
- Ideation & Creation – develop and refine concepts into artistic works.
- Emotional Awareness – express, process, and understand feelings through art.
- Persistence & Tolerance for Ambiguity – embrace challenges, failure, and uncertainty as part of growth.
- Skill Development – refine craft and achieve technical proficiency across artistic domains.
- Reflection & Revision – interpret, analyze, and improve work.
- Communication & Celebration – collaborate with peers and teachers to broaden perspectives and enrich artistic practice.

Through these practices, students in Dublin City Schools will develop the capacity to think and create like artists in all contexts. Cultivating artistic literacy equips learners with creativity, confidence, and critical reasoning, preparing them to thrive in an interconnected world.

K-12 Enduring Understandings

Creating: Artists use creative thinking and reasoning skills to perceive concepts and ideas to develop works.

Performing: Artists employ personal processes and skills to solve problems creatively and present work in various contexts.

Responding: Artists engage in analysis and interpretation to understand and evaluate artistic works.

Connecting: Artists understand and communicate the value of creative expressions in internal and external contexts.

GRADE 7 3D ART

Course Goals

Students will learn about and apply intermediate elements and principles of visual art as they continue to develop skills with a focus on sculpture and ceramics. While making their artwork, the students will be introduced to artists who have worked in these areas. Art learning experiences will enrich student understanding of art as they explore a wide scope of historic and contemporary art from diverse cultures.

PLAY, EXPERIMENTATION, AND IDEA GENERATION	
• Artists use play and experimentation to develop an idea for the process of making art to an eventual finished product. • Artists are able to identify why play, experimentation, and idea generation are so important in the overall process of making art. • Artists understand the value of idea fluency, flexibility, originality, and elaboration to thinking and creativity, and to developing and realizing their vision.
