

STEAM CONNECTIONS

MAY 2025

FUTURE BUILDERS CLASSROOM CORNER

- Mrs. Usie's STEM Lab is moving with life - literally! Monarch butterflies laid eggs on their milkweed plants allowing students to watch the life cycle up close!
- The entire 3rd grade had a special opportunity to spend the day in the Atchafalaya Basin at McGee's Swamp Tours alongside the Acadiana Center for the Arts combining art, science, and nature!

A SPECIAL THANK YOU TO
WEATHERFORD COMMUNITY
OUTREACH & LAFAYETTE
MATERIALS, INC. FOR PROVIDING
MATERIALS & VOLUNTEERS FOR
SMESA'S POLLINATOR GARDEN!

**LAST DAY OF
SCHOOL MAY 21**
