I have an apprenticeship at Stevinson Toyota East. I work on customers' vehicles in a high-volume environment. I am learning the professional side of the industry at a fast pace!

Reily Kirk

AUTOMOTIVE SERVICE TECHNICIAN

CCIC has given me so much knowledge that I am so thankful for. I have my CNA license and am working as a caregiver in memory care at Pine Grove Crossing.

Devin Gilbreath

CERTIFIED NURSING ASSISTANT (CNA)

Career and Technical Education (CTE) Makes a Difference

80% of CCIC students go to college

3x more likely, CTE students report real-world skill satisfaction*

10% higher graduation rates*

6/10 hardest-to-fill jobs are in technical fields or require a CTE background

89% of parents want more career education in high school

*Compared to non-CTE students

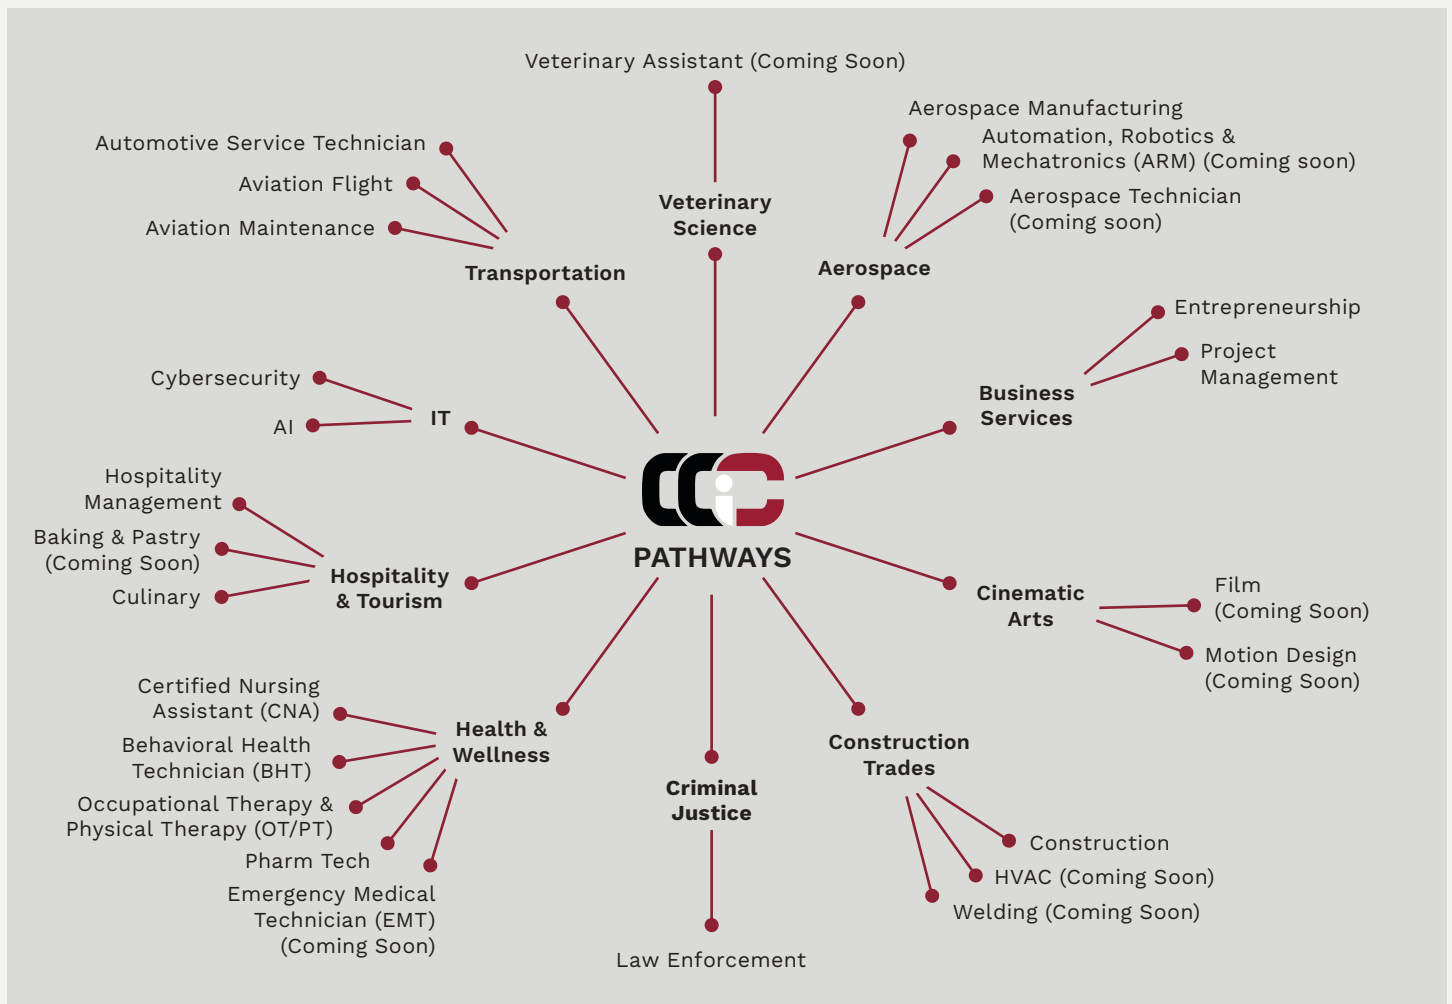

CCIC Impact

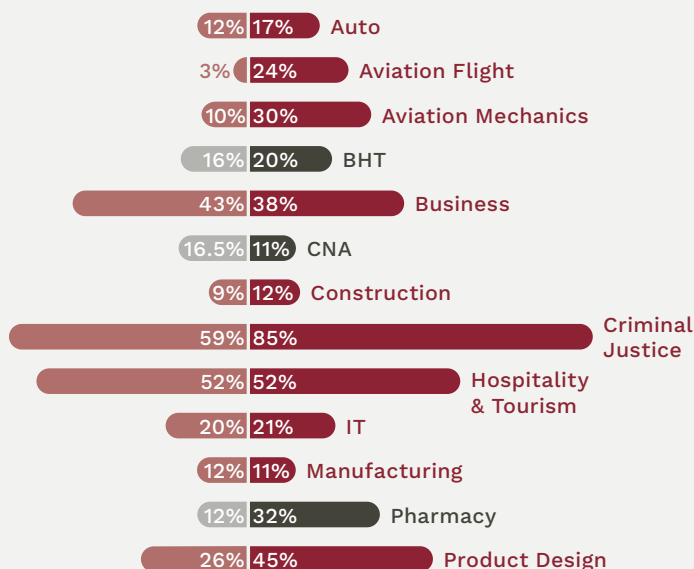

Students who take CCIC courses are more likely to enroll in colleges and find employment after high school. CCIC supports academic achievement, high school completion, employable skills, and college readiness. Students who focused on career and technical education in high school had higher median annual earnings than those who did not.
