8 th Grade Summer Reading: English	<u>Fahrenheit 451</u> Summer Reading		Bradbury, Ray	978-1451673319	Simon & Schuster	Purchase a new book and this version. Using the same edition ensures that we can all refer to the same page numbers in class. Amazon

Summary: In this dystopian future, firemen start fires instead of stopping them; they are responsible for burning books and other forbidden texts. Although written materials are seen as dangerous, one man begins to question everything he has been told. *Fahrenheit 451* is a thrilling novel about censorship, technology, and the power of ideas. Does the real danger lie in the absence of books? One person's curiosity just might spark a revolution....

Directions: Prepare reading notes or marginalia in order to write about the following essay prompt: Bystanders are individuals who observe events without actively participating or intervening. By contrast, upstanders are individuals who actively intervene or speak out against injustice, oppression, or wrongdoing. Which characters are bystanders in *Fahrenheit 451* and which characters are upstanders? What is Ray Bradbury trying to say about going along with the crowd versus standing up for yourself and what's right?

Purpose: During the first week of school, students will write an in-class essay about the book.
