CLARITY

Despite advanced abilities, gifted learners still need time to play, laugh, and relax. It's easy to expect a lot from them, but they benefit from downtime just like any other child. Balance is key. Make time for them to be silly, enjoy the small things, and think about things other than the topic they talk about most often. Challenge them to be willing to try new things and make new friends even when it feels uncomfortable.

COMMUNITY

Interview Someone with a Hidden Talent

Find a community member who restores old cars, plays a rare instrument, or writes poetry.
