

Off-Campus High School Travel Agreement

1. Attendance, discipline, and career and college interests will be considered prior to approval for an off-campus course.
2. In order to take courses at any off-campus location, students must have a valid Driver's License, proof of insurance, and their own transportation prior to the beginning of the semester.
3. If extenuating circumstances exist that prevent a student from obtaining a valid Driver's License (ex. age, disability), a parent may provide transportation with principal approval.
4. Students may not enroll in any off-campus course with the intent to ride with another student.
5. There can be substantial costs and risks involved with traveling to an off-campus course. Fuel costs can have unexpected cost spikes. It is important to be aware that should any of these conditions occur, students cannot be removed from an off-campus course during a semester without academic penalty.
6. If a student has to miss a class(es) at an off-campus location because of transportation issues, the absence accrued will count against the student. Absences are not waived due to transportation issues.
7. Students who attend courses at off-campus locations are expected to represent their school well and adhere to above average behavior and attendance expectations. Students who do not adhere to these expectations may be removed from the course and placed in a course at their school. This type of change will result in an academic penalty.
8. Students will be expected to abide by the established bell schedule, discipline, and attendance policies for off-campus classes, which may differ from their school schedule. Students attending off-campus classes must attend when those schools are in session, even if schools are out for a teacher workday, holiday, etc.
9. Students may be expected to attend class at the off-campus location even if the student will miss an activity at their school such as Homecoming activities, assemblies, etc.
10. Davidson County Schools policies, rules, and consequences apply at all off-campus locations.

Your signature on this agreement indicates your understanding of and your agreement with the above-mentioned items. In order for students to be enrolled in off-campus courses, this agreement must be signed by the student and parent/guardian.

I do understand that there are always some risks involved in any type of activity which occurs during transportation to and from this activity. I further agree to release and hold the Davidson County Schools Board of Education as well as their employees, administrators, agents, trustees, and board members ("Releasees") harmless from any and all liability for any damages or losses, including acts of negligence, incurred by my son/daughter through their or in the course of providing their own transportation or otherwise related to any and all transportation to the above referenced authorized destinations.
