Hello School Support Organization (SSO) Officers,

As the school year comes to a close, it is time for your organization to begin looking forward and planning for the start of the next school year. Now is the time to review the required annual documents necessary to be compliant with the School Support Financial Accountability Act. School Support Organizations (SSO) include all organizations that are set up to support Sumner County Schools and their academic, arts, athletic, and school sponsored student programs and activities. Each SSO must be a registered non-profit public benefit corporation in the State of Tennessee and comply with TCA 49-2-604, the *Model Financial Policy for School Support Organizations (Procedures Manual)*, issued by the Tennessee Comptroller of the Treasury, and all SCS district policies and guidelines. SSO resources and information are available on the Sumner County Schools website <https://www.sumnerschools.org/resources/school-support-organization>.

All school support organizations wanting to be approved to operate for the 2026-2027 school year must register and submit all required annual documents after June 30, but no later than August 1, 2026.

Please ensure that the forms are prepared by the SSO officers and are legible, this is important for communication purposes. Forms must be completed and submitted to the school bookkeeper or administration at your school for review and approval. It is the responsibility of each officer to read each document carefully before signing so that everyone is aware of all guidelines and requirements regarding officers and the operations of a school support organization.

Please submit one completed registration packet by the deadline, you will receive a confirmation email that the documents have been received. **Organizations may not operate or conduct fundraisers until a confirmation email has been received.** A follow-up email may be sent to the officers on record if additional information or documentation is needed during the review of the SSO reports and information.

Included in the SSO registration packet is a checklist for the annual SSO forms and documents. The SSO forms are available on the SSO page of the SCS website, located under the resources tab (see the link in the first paragraph above). Please reach out to the SCS Internal Audit Department if you have any questions or need additional information that is not on the SCS website.
