

AP Physics 1 Summer Assignment

Teachers: Mr. Lowe and Mr. Mata AP Physics 1 Summer Assignment on Khan Academy Due: August 17 th by 4PM.	1. Go to https://www.khanacademy.org/join/4G5FJMTR
<u>Description:</u>	After joining the class, students will have three areas of work: Algebra, Trigonometry, and Kinematics (the first AP-1 unit). All the work is optional and will not be graded. However, algebra and trigonometry are pre-requisite math skills that will be assessed in the beginning of the year. In addition, Kinematics is often considered the most challenging unit due to its novelty. Completing Khan Academy over the summer will give students a boost as they enter Junior year.
<u>Resources</u>	A computer to access Khan Academy.
<u>Contact</u>	Email Jonathan.Lowe@houstonisd.org You should expect responses to be delayed in the summer.
