

## Upper School

# 2026 Summer Assignments

At Lakeview Academy, we recognize the importance of students having time to rest, recharge, and enjoy their summer break. With that in mind, we strive to maintain a balanced approach to summer work by offering optional practice opportunities in several subject areas while limiting required assignments to essential coursework only.

Outlined below are the courses with required summer assignments, as well as those offering optional enrichment and practice opportunities for Summer 2026. Please note that the assignments listed correspond to the student's rising grade level for the 2026–2027 school year.

**Questions?** Contact Mike Lawley at [mike.lawley@lakeviewacademy.org](mailto:mike.lawley@lakeviewacademy.org)
