

This is a suggested schedule for students entering 6th Grade Language Arts. In order to prepare for the course, we suggest that you spend an average of 60 minutes per week on the below skills. For some, it may be more. By the end of summer, students are **required to complete the IXL links below with a SmartScore of 85.** (You are always welcome to do more.)

Each assignment has been selected as it is important for review to be successful next year. If you pace yourself and do a little bit each week (don't wait and do it all in one day), you should be able to master each assignment with ease. You Got This!!!
