Oak Prairie Junior High School

2025-2026 School Year
LAWN CARE PRODUCTS APPLICATION NOTICE

Illinois law (Lawn Care Products Application and Notification Act) requires all school districts to notify students and staff when lawn care chemicals are being used in or around school facilities.

Please be aware that, weather permitting, weed control and fertilization of the grounds, including athletic fields, is scheduled:

May 16, 2026

- All district locations

We are committed to minimizing the use of chemicals for weed control and lawn care, but at times, it is necessary for the proper maintenance of the facility. If you have any questions about the application of the lawn fertilizer, please contact the Director of Buildings & Grounds at (815) 838-8031 extension 7003.
