Advanced Placement Studio Art

with Mrs. Foht

SUMMER ASSIGNMENT

Congratulations! You are enrolled in *AP 2D Design Course* at CSN. AP Art students begin by deciding on a sustained investigation. If you have difficulty selecting an inquiry, visit the College Board website and research examples. Please email me your inquiry ideas.

Remember to choose an inquiry that is unique and personal to you.

AP art students need to have a studio space set up at home. This could be a desk in the corner of your room, or a drawing board you pull out when ready to work. Please spend time deciding where and how to set up your home studio. Collect supplies, and start a **new** sketchbook.

All AP Artwork and Photography must be original. No plagiarism or references from the Internet. No use of AI. Artworks will be checked for authenticity. Summer assignments will be your first grades.

Students electing a Drawing and Painting focus are to create a minimum of 1 finished work of art over the summer and maintain a visual journal/sketchbook with at minimum bi-weekly entries. Please email me photos of your work, I look forward to seeing your progress and offering feedback.

Digital Photography students need to photograph 50+ images with DSLR camera. Students will submit SD Card or Flashdrive of JPED/RAW files upon returning to school. Phone photographs are unacceptable. Focus on composition, elements of art and principles of design. Set DSLR camera to high quality resolution, for large format printing. Excellent composition, quality, and focus. Photo students are expected to maintain a journal/sketchbook with bi-weekly entries. Write about your investigation prior to shooting. Please email me photos of your work, I will look forward to seeing your progress and offering feedback.

Please do not hesitate to email me with questions or concerns. I plan to check my email bi-weekly.
Thanks for your patience with replies as I will be traveling this summer. ☺

I look forward to a great AP course, have fun getting your portfolio started this summer!
