

HEY!

Read me first!

BEFORE

you write in the book:

- Make sure the book does not have any missing or torn pages, printing smears, or upside down pages.
- Once you write in the book, we **cannot** replace it.

AFTER

you check for errors:

- Write your name in the book
- Only have people you trust sign your book
- We are saddened when books disappear; however, we cannot replace lost or stolen books. A replacement book (if still available) costs \$55 in the Bookstore.

Fourth Quarter Supplement

Our fourth quarter supplement has not come in yet. Once it comes in, we will deliver them to your advisement classroom. This supplement will be added to the back of the book attached to the white endsheet. Please leave this area free from writing.

about the MISTEAKS

- Please remember that this is a **student publication**, not a professional one. Just like you're learning to write English essays and do hard math problems, we're learning to create a yearbook.
- Yearbook is the only class at this school where all assignments and homework are published in a book for everyone to see. Forever.
- Believe us, we've seen the mistakes and are sick about them. We wish we could change them, but we cannot.
- We work hard to produce an accurate account of the year and to proofread, but there are unfortunately bound to be mistakes.
- "Thank you to everyone who provided names for the group photos. We apologize for any errors or omissions in the lists. We relied on the information that was submitted to us for sports teams, Fine Arts productions, and student clubs, and we appreciate everyone's help in making the yearbook as accurate as possible.
- Yes, we know the headline is misspelled.
