EOG/EOC(6-8) Remediation and Readministration

Dear Parent/Guardian,

For the 2024–25 school year, NCDPI allows schools to readminister the EOG/EOC to students who do not have a proficient test score from the current school year. Additionally, for the 2024–25 school year, schools may readminister end-of-grade (EOG) or end-of-course (EOC) tests during the last ten (yearlong) days of the school year following the first administration of the EOG/EOC tests. A readministration is only allowed for a student who scored Not Proficient on the EOG/EOC, and parental permission must be obtained prior to the readministration. The remediation and readministration of EOG/EOCs will occur during normal school hours as outlined below:

- **Readministration of Math EOG/Math 1 EOC (Grades 6-8) Date**: June 2, 2025 through June 6, 2025
- **Readministration of Reading EOG (Grades 6-8) Date**: June 2, 2025 through June 6, 2025

Any student who is not proficient on the EOG/EOC and is given parental permission to participate in the remediation and readministration of the non-proficient EOG/EOC will receive the higher of the two scores for accountability purposes. Students may not participate in the remediation/readministration of EOG/EOCs without parent permission.

To be eligible for the readministration of End-of-Grade (EOG)/End-of-Course (EOC) assessments, students are required to be present on all of the following: the DCS-designated dates for the initial EOG/EOC administration, the DCS-designated dates for the EOG/EOC remediation sessions, and the DCS-designated dates for the EOG/EOC readministration.

Please select one of the two options below, sign, and return this form to your student's teacher prior to **May 23, 2025** indicating whether or not you give your student permission to participate in the remediation and readministration program SHOULD your child receive a score of "Non Proficient" on his/her EOG/EOCs.

Sincerely,

P. Kemp Smith
Director of Accountability and Testing
