

Student Experiences with Diversity, Empathy, and Acceptance

In this form, you will have the opportunity to share their experiences related to discrimination in the classroom from other students. The answers you give on this survey are anonymous, meaning your name will not be shared with your responses unless you choose to give it. The only person receiving your response to this form is Mrs. Dry (Elder). Please be honest with your responses and take this seriously if you choose to fill it out.

This form will cover experiences related to discrimination (**unfair treatment of one particular person or group of people**). Discriminatory experiences could involve topics related to race/skin color, disabilities or different abilities, socioeconomic status (social status, family resources, etc.), religion, gender, appearance, and/or social exclusion (being excluded from others due to not having "trendy" items or not being perceived as "cool" enough). By sharing your experience, you are allowed Midway to address this issue and work harder to create a safe, welcoming space for *all students*.
