Connie Malin
Chief Education Officer
Innovations International Charter School of Nevada
1600 E Oakey Blvd
Las Vegas, NV 89104

Dear Ms. Malin:

Innovations International Charter School of Nevada's application to participate in the Community Eligibility Provision (CEP) has been approved for school year 2026-2027 (July 1, 2026, through June 30, 2027). Claiming percentages will be based on the elections sent on May 4, 2026. The designated groups or individual schools will be in the indicated cycle year with the reported claiming percentage in the charts below.

Those schools indicated as being in Year 2 are based on data collected in June 2025, and this cycle will end after SY 2028-29. Those schools indicated as being in Year 3 are based on data collected in June 2024, and this cycle will end after SY 2027-28. Those schools indicated as being in Year 4 are based on data collected in June 2023, and this cycle will end after SY 2026-27. For those schools that were designated as single school will be considered individually CEP eligible. Those individual schools are contained in a separate chart at the bottom of the letter. If a school or group is currently in a grace year, this will be indicated in the chart, under cycle. Schools currently in Year 4 of their CEP cycle, may qualify for a grace year for SY 2027-28.

Group 1- School List		
School Code	*School Name*	*ISP*
69-101	Innovation International	62.46%
69-201	Innovation International Secondary	67.30%
	Total ISP	**64.74%**

Claiming Percentages					
Group Name	*Cycle*	*ISP*	*CEP Multiplier*	*Free%*	*Paid %*
Group 1	Year 2	64.74%	1.6	100.00%	0.00%

Meal claims must be made in whole numbers. When the free or paid meal calculations result in partial meals, use standard rounding procedures (five and above round up, four and below round down) to get whole numbers of meals.

If the total percentages for free and paid meals do not equal 100, the paid category must be adjusted to make it 100 percent. For example, if 800 reimbursable meals were served and the free claiming percentage is 86.2%, the number of meals reimbursed at the free rate is 689.6 [800 x 0.862 = 689.6], which is adjusted to 690 meals. The number of meals reimbursed at the paid rate is 110 [800-690 = 110].

Additional guidance from USDA may be found on the Community Eligibility Resource Center. Please note that free and reduced priced meal applications are not allowed to be collected or processed by the school food service department at CEP sites.

If have any questions, please contact me directly. Thank you for your dedication to serving nutritious meals to the children in Nevada.

Sincerely,

Erica Jaramillo Digitally signed by Erica Jaramillo
