SET TARGETS

- Go to www.tinkercad.com.
- Click "Sign up."
- Follow the prompts to create an account.
- Write down your username and password (I don't have access to these!)
- Use the Tinkercad "Learn" tab to help you.
- Look up additional tutorials on YouTube.
- Learning Tinkercad takes hours and hours. Stick with it!
- Once your design is complete, share it with us.
- Click on "Export" (top right).
- Download your design as an .STL file. (Be sure to include EVERYTHING IN THE DESIGN.)
- Send your .STL file as an attachment in an email to Ms. Bloom.
- If your design will print, Mrs. Eisele will send you an email when it is ready for pickup.
